LOCAL & MUNICIPAL DEPT.
CURRENT No. 2622 M.

M. R. Ry,

C. Lakshminarasimha Rao Puntulu Garu,
Chairman, Municipal Council,
ONGOLE.

To

The Secretary to Government,
Local and Municipal Department,
MADRAS.

Sir,

Adverting to the remarks of Government in para 5 of G. O. No 468 M dated 1st March 1898, Flag D regarding the statements which accompany the annual budgets and Reports of Municipalities, I have the honor to submit the following ammendments:—

(a) Convert the words "Official year" wherever they occur in the statements into "Financial year"

Note These words occur in the heading of one of the statements. The necessity for the proposed alteration is not apparent.

(b) Statements I and II:- Explanations and details of items to be filled in these statements are to be given when they accompany budgets. Omit Note in Budget statements.

† Items 1 to 7 of Statement I have to be filled in when the statement is sent in the budget. Vide the instructions given at the foot of Statement I

(C) Statement I A. Substitute in the heading the words "Section 26 of Act III of 1884 as ammended by Act III of 1897 for the Financial year" instead of "Sections 25 and 26 of Act IV of 1884 for the Official year."

This cannot be approved, as the Statt should show also the transactions of those endowments which have been vested in Govt under Sec 25 of the original Act IV of 1884.

(D) Statements IV A and IV B. make the following changes:— 1. Language is suited only to Reports. For instance when the statements go with the budgets the heading should be "probable demand, collection and balance statement." II. Add the items tax on vehicles with springs and palanquins, tax on animals, tax on carts and other vehicles without springs, rent of lands, rent of buildings, amenue receipts, fees from travellers' bungalows and market fees, and open columns 9 and 10 with headings "Percentage of collection to current demand" and "percentage of collection to arrear demand" to each of the statements respectively; III Appendices A and B:- Subdivide additional items, market

Manuscript before "demand" When the Statt. Govt submitted with the budgets Municipalities generally regard Settled demand in the case of many of these items. So these items are not printed in the forms. But the Collections under market fee, &c. have been treated as demand may be entered in the blank space provided for the purpose in the Statt. Vide p. 19 of G.O. 2193 M. 10.12.91

This quite unnecessary to open Columns to show percentages.

There to what extent coercive measures have been adopted in the collection of the municipal taxes. It is unnecessary to require that coercive processes should be stated for the collection of the various items of revenue; should be shown in it.

This is quite unnecessary to open columns furnishing this information.

The necessary alteration have already been made in the form of the Statts submitted by the Supdt. Govt Rep. for Correction. The new forms issued by him with Contain this additional Column.

Necessity for this proposal is not understood.

The Revised Statts submitted by the Chairman are too cumbrous & require a lot of unnecessary information to be furnished in the preparation of these Statts with therefore in their mind unnecessary labour without any corresponding advantage. Brief forms

market fees, slaughter house fees, rent of cart stands, Private Scavenging fees, Tolls, rent of lands, rent of buildings, amenue receipts and fees from Travellers' bungalows.

(E) Statements IX and IX A. Open columns for "incidence per house," and for "incidence per head" and "percentage of population assessed" to each of the statements respectively. In IX A add another column 9 according to the Schedule as ammended by act III of 1897.

(F) Statement XI: Provide columns for Conservancy and carts employed to remove rubbish and sewage water during the year under report and during the preceding year.

(G) Statement XII:- Remove this and substitute statements XII and XII A herewith enclosed:

(H) Statement XIII:- Supply columns for the following items:- Number of births and deaths registered

per

per mille of population; Number of re-vaccinations successful and unsuccessful; total number of successful operations per mille of population; average cost for each successful operation; operations made with glycerine lymph successful and unsuccessful.

Needless to require these details to be furnished in this Statt.

(2) Statement to XIV. This should be printed merely as a Memorandum of investments prescribed by G.O. No 291 M dated 25th February 1897.

Mr Haskew already done. The new forms printed by the Supdt Govt Press, will contain this Statt.

(3) Statement to XV. I recommend this addition with a view to have full information of incidences and percentages under several items of Receipts and Expenditure.

There is no need to prescribe this Statement. The information which this Statt is intended to show is furnished in the Statts appended to the Annual General Reviews.

2. I enclose one set of printed statements prescribed by Government with alterations and additions proposed and Statements XII, XIIA XIV and XV in manuscript recommended for adoption. Many of the statements that accompany the reports do not go with the budgets. Separate sets of statements with separate serial

Such Statts have only to be omitted from being sent to Govt. The difficulty is not apparent

In the notes at the foot of the Statts printed with G.O. 2193 M 10-12-91, instructions have been given in sufficient fullness to show what Statts have to be sent with the

Further as most of the Statts are the same as the report Statts, it is quite unnecessary to print & issue them separately in two different sets.

serial numbers may be printed if the Government be pleased to do so.

3. Explanation is self evident for many of the changes and additions proposed. There are two reasons only in the following cases:-

(a) Statements IV A & IV B; D II and D III. Taxes to be proposed in II A and II B may be collected by the Municipal Commissioners according to the provisions of Sections 82, 102, 103 and 269 of the Madras District Municipalities Act as amended by Act III of 1897. The demand for these may be settled before the close of the year. The items are sometimes in arrears and collected in the following years. Necessity therefore arises for the addition of these items. It may be argued that the insertion of tolls and Cart Stand Fees items in the Appendices A and B is unnecessary on the ground that the property of the defaulters may be seized under Section

There is generally no settled demand in the case of many of the items referred to by the Chairman of Municipalities, the collections under Market Fees, &c, have been leased out in many Municipalities the demand may be entered in the blank space provided for the purpose in the Statt. Vide Pro 97 fo 2193 M 10-12-91. Flag J

Sections 95, 96 and 190 of the Act. Toll gates, cart stands, slaughter houses and other buildings &c are often leased out for the whole year and agreements taken from the renters. They frequently fail to pay their rents. The course prescribed by section 269 has to be followed in these cases. Hence necessity to supplement also the other items also.

(2) Statements XII and XII A. There are Hospitals in Municipalities maintained by local bodies and Municipal Councils. Questions arise not unfrequently as to the proportions of expenditure to be borne by these bodies. The proportions have to be determined with reference to the number of In and Out door-patients treated from and outside the municipalities. No accounts are kept in Hospitals to show these particulars. The question has been under discussion for a number of years between the Municipality

The appendices are intended to show to what extent Coercive measures have been adopted in the Collecting the municipal taxes. It is quite unnecessary to require that coercive processes issued for the collection of other items of revenue should be shown in it.

Municipality and the Ongole Taluq Board. Vide remarks in para 3 of G.O. No 468 M dated 15th March 1898. I asked the Civil Apothecary of the Municipality to give a detailed account of patients treated and the expenditure incurred during the last five financial years, for the determination of the proportionate shares of expenditure to be borne by this Municipal Council and the Taluq Board. We were unable to furnish the information even with the assistance of a clerk specially deputed for the purpose for one month, because the Civil Apothecary has to account for the calendar years. Again funds are furnished by Municipal Councils for the maintenance of Hospitals and returns are submitted to the Surgeon-General. Municipal Councils have no knowledge of these returns. Concise reports are sent every year by Medical Officers in charge of

The figures for the Calendar year may serve as a rough comparison. It is not necessary in such cases to insist on mathematical accuracy.

of Hospitals for publication with the annual Municipal reports. Large sums of money are spent by Municipal Councils on diet, contingent and miscellaneous charges. The concise reports do not contain one word about their expenditure.

Municipal Councils sanction allotments for these purposes in the annual budgets and in lump sums and they are dealt with in the annual reports.

Municipal Councils offer their explanations regarding every other item in the budgets and reports but they are unable to mention anything in the matter of this expenditure or receipts in Hospitals. No doubt returns of Civil Hospitals and Dispensaries in the Presidency are published annually for the calender year. This volume of returns which is received also by Government is not submitted to

Municipalities

Mun. Councillors great liberty to inspect the accounts of hospitals and to call for such information regarding the expenditure incurred in them as they may consider necessary.

This is not of much use to Municipalities. Extracts from these reports, when necessary, are however usually sent to Municipal Councils for their information & guidance

Municipalities. The most important of these returns is appendix (J) which gives the cost of each patient treated. The cost is calculated on the whole districts which contain numerous Hospitals maintained by Local and Municipal bodies and by Government. The cost per patient in a particular Hospital cannot be determined from the Table C. The return does not therefore help in the least a body which is curious to know the expenditure on a patient in its own Hospital. Several of the other returns give a detailed account of patients treated in each Hospital. The expenditure of a Municipality for the financial year cannot be distributed to the number of patients shown in the returns for the calender year. The Surgeon General in para 3 (B) of his letter No 291 dated 11th August 1897 to the Honorable the Chief Secretary to Government, Public Department printed with G.O. 1385 Public dated 14th October 1897, remarks that the

Flag I
22574
22-11-97

10

the majority of local authorities take little or no interest in the working of the Hospitals. The reason seems to be that they are disinclined to scrutinize the work in Hospitals lest they might incur the displeasure of Officers in charge who command extensive influence in their profession. Statements XII and XIA respectively show the numbers of patients treated from and outside the Municipality and expenditure incurred on them in proportion together with some other interesting details. They therefore not only determine the shares of local and Municipal bodies concerned but give a full account of receipts and Expenditure with reference to the finance of each year. The statements will be made up of the returns received from Medical men

Were Statements are cumbrous. Dir is quite unnecessary that Govt should be furnished with a list of the unnecessary details which they are intended to show. The Municipal Council is at liberty to obtain from the Medical Officer such information as it may desire to have. These Statements need not therefore be submitted to Govt along with the annual reports.

men in charge of Hospitals.

(c) The most important business of the Chairman in a Municipality is to see whether the taxation is in accordance with the average incidence and whether the percentage of expenditure under each item fixed by Government is followed. This information has to be gathered from G.O.s which are sometimes conflicting. The Chairman of Municipalities who are often elected come into Office heavily burdened with their own duties. They go out every three years when their term expires without any experience in the Office they held. Statement XV exhibits a detailed account of these incidences and percentages. This helps a great deal a Chairman and Office establishments in the due discharge of their duties in collection and expenditure.

The details which this statement is intended to show are furnished in the Statements appended to the General Municipal Reviews which may therefore be referred to whenever necessary.

4. My amendments regarding the incidence and percentages are based on the General Municipal Returns on the administration of District Municipalities for 1896-97. Annual returns of the Municipal Hospitals and Dispensaries in the Madras Presidency for the year 1896 were consulted by me in preparing statements XII and XII A. I spared no pains to add my own experience generally in the matter so far as I could command my time. I therefore pray the Government may be pleased to sanction the amendments if no further investigation be considered necessary.

I have the honor to be
Sir,
Your most obedient Servant
