OFFICE OF SURGEON-GENERAL

WITH THE GOVERNMENT OF MADRAS,

No. 13/30

Cotacamund 10th September 1898
Madrass,

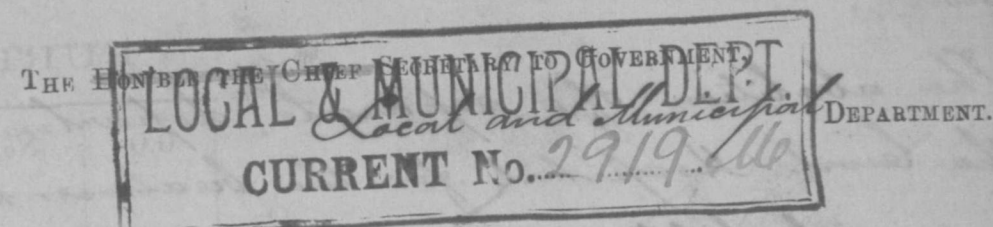

From

SURGEON-MAJOR-GENERAL C. SIBTHORPE, C.B., F.R.C.P.I.,

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

To

SIR

With reference to para 4(3) of G.O. No. 1226 M. dated the 11th July 1898, I have the honor to report for the information of Government that the District Medical and Sanitary Officer, Nellore, states that as he only assumed charge of the District on the 23rd April 1898, and had to draw up the annual report on Medical Institutions on the 17th May following, he had ^{to accept} his predecessor's explanation regarding the decrease in the number of Out-patients which was attributed to the prevalence of Cholera in the town and to the small number of cases of eye diseases treated during the year but that as Government was not satisfied with it he carefully examined all the records in the Hospital and instituted enquiries in the town and finds that the cause of the decrease was due to the following:-

(1) The transfer on the 1st December 1897 of 1st Class Hospital Assistant L. Sujan Singh who had been in subordinate charge of the Civil Hospital for 20 years, his predecessor having attributed the success of the Hospital, especially the steady increase of patients to his popularity in the town.

(2) The abolition of a separate department in the Civil Hospital for the treatment of women and children in August 1897 when Miss Kanakiah left for Madras to join the Medical College with a view to qualify as an Apothecary.

2. As Surgeon Lieutenant Colonel Pemberton's Explanation is not based on personal experience it will be difficult to ascertain the real cause until the permanent incumbent returns from leave.

I have the honor to be,

Sir,

Your most obedient Servant,

C. S. Roberts

Surgeon-Major-General
Surgeon-General

with the Govt. of Madras.

Recd

* Mr Thornhill, who is on furlough for one year, which expires by April 1899. The explanation given seems adequate enough & it seems unnecessary to put any further explanation.
