Misc ORDER. No. 175 m of 25-1-98

The proposed appointment of John Jesudasen, as Sanitary Inspector of the Trichinopoly Municipality cannot be approved, as he is not duly qualified for the place by the possession of a certificate obtained after the usual training in theoretical and practical Hygiene in the Sanitary Inspector's class in the Medical College, Madras. The Chairman should therefore nominate a suitable candidate for the place in consultation with the Sanitary Commissioner.

2. The omission on the part of the Chairman to consult the Sanitary Commissioner before making the appointment in question, as required in paragraph 4 of G.O. No. 4 dated 4th January 1897 is very reprehensible.

Order

The appointment of John Jesu-
dasan as Health officer of the Trichinopoly municipality is sanctioned, on the understanding that he qual-
ifies himself for the place by ob-
taining a Sanitary Inspector's cer-
tificate, after undergoing the necessary
training in the Sanitary Inspectors' class,
Madras, before July 1899.

2. The omission on the part of
the chairman to consult the Sanitary
Commissioner before making this
appointment, as required in para. 4
of G.O. to L.M. dated 4th January 1897, is
extremely unsatisfactory, and simi-
lar disregard of the orders of Government
should be strictly guarded against in
future.

3. The attention of the munic-
ipal council is drawn to the remarks
of the Sanitary Commissioner in paras. 4
and 5 of his first letter read above.

Note - The Sanitary Inspectors' class
begins on the 4th January and closes in April
every year, when an examination is held, the
results of which will be known in June
or July. As it is too late for the man to
come up for training in 1898, time is
given till July 1899.

Through the Collector of Trichinopoly.

SIR,

I have the honor to solicit the
Sanction of the Government for my appoint-
ing Mr. R. Ry. John Jesudasan, First Class
Hospital Assistant, as Health officer
on Rs 70 + 15.

2. This man is an Hospital
Assistant of 15 years' standing, is well
conversant with Sanitary work and has
considerable local experience in this
municipality. His efficiency has been
testified to by various District Medical
and Sanitary officers in their annual
Confidential reports and in the special
epidemic reports. He possesses a first class
Certificate of honor in Hygiene from the
late Doctor Mc Nally and a certificate
for water analysis from the same officer.
He has obtained two prizes in Hygiene
for

for the Sessions in 1881-82 and is a gold medalist of 1882.

His appointment as Health officer here has the approval of Surgeon Lt Col W. O'Hara, the District Medical and Sanitary Officer and of the Surgeon-General with the Government of Madras.

Sir,

With reference to your
letter No 20 SD dated 9th instant,
I have the honor to state that the
omission to consult you regarding the
appointment of Mr John Jesadasen
was due to an oversight. I may
mention, however, that I have
taken care to appoint a proper man
and one to whom no exception
can be taken after consulting
the local Medical officer and
obtaining the approval of the
Surgeon General. Mr John is a
first class Hospital assistant
of 15 years standing in the department.

well conversant with sanitary
work and having considerable
local experience. His efficiency
has been testified to by various
Medical & Sanitary officers in
their annual Confidential reports
and in the special epidemic
reports. He has obtained a first
class certificate of honor in
Hygiene from the late doctor

OFFICE OF SANITARY COMMISSIONER,
Fort St. George, 1st Decr. 1897

From

SURGEON-LIEUT.-COL. W. G. KING, M.B., C.M., D.P.H.,

SANITARY COMMISSIONER FOR MADRAS.

To

The

Secretary to Government
Local & Municipal Department

Enclosure.

SIR,

With reference to the accom-
panying letter N^o 2185, dated 22nd Oct 1897,
from the late Chairman of the
Trichnapoly Municipality (Dr.
Collector Kader Nawas Khan Bahadur)
I have the honor to state that he
has exhibited no good grounds
whatsoever for neglecting the
orders of Government as to con-
sulting this office before pro-
ceeding to fill the important
post of Chief Sanitary Inspector
of the Municipality (vide para 3(4)
of G.O. N^o 4 in date 4th January 1897.)
It is noted that he would ap-
parently regard as a set-off
against this neglect of procedure
the approval of the Surgeon-General
with the Government of Madras.
But, it is obvious that if that
Office

1/15/11/1897

Officer was consulted, it could only have been in respect to sanctioning his removal from duty in the medical department.

2. As a matter of fact, had the Chairman consulted me, I should not have raised any objection to the appointment, provided the man possessed the necessary qualification. Although I look forward to a period when the larger municipalities will be in a position to employ men of a better class than Hospital Assistants. But, I trust Government will support my objection to his longer retaining the appointment, until he has undergone the necessary training as a Certificated Sanitary Inspector without which qualification, the Municipality ~~is~~ under orders of Government, forbidden to make any such fresh appointment. (G.O. N° 4 M. dated 4 January 1897 para 2(1)) I need not say the fact of his being a Hospital Assistant in ^{no} way guarantees his possession of the special description

description of practical sanitary knowledge, which is required of a Sanitary Inspector, and as his training in Hygiene as a Hospital Assistant was undergone in a class conducted by me as Professor of Hygiene, I am in a position to state that this is in his case, irrespective of the admittedly broadly different character and aims of the respective courses.

3. The case is one where the clear orders of Government have been deliberately set aside and which, if allowed to stand, amounts fully to the scheme which has been gradually built up, with the approval of Government throughout its various stages, for the holding of the appointments of Sanitary Inspectors by a specially qualified class of men.

4. I observe from a letter which has lately reached me from this subordinate through the local officers that he uses the designation of "Health Officer." In my opinion, this class of men should not be recognized by a term

term which in European practice
signifies a far higher qualification
than can exist in the case of a
Hospital Assistant. The functions
fulfilled by this man should
be those of a Sanitary Inspector,
and no other designation should
be permitted.
Under these circumstances,
I request Government will be
pleased to express its disapproval
of a course taken in opposition
to the orders quoted, which
could not have failed to be known
to the late Chairman of the Trich-
nopoly Municipality. Secondly,
I ask that Government will be
pleased to direct that the Hos-
pital Assistant be required to
vacate the appointment, until
duly qualified by possession of a
Sanitary Inspector's certificate
obtained after the usual training
in theoretical and practical
Hygiene in the Sanitary Inspectors
Class, in the Medical College,
Madras. This class opens in the
first week in January 1898. In
the meantime, if the Trichnopoly
Municipality prefers a certificated
Sanitary

Sanitary Inspector who is also a
Hospital Assistant, one can be
supplied to fill the appointment,
until the incumbent is qual-
ified.

I have the honor to be,
Sir

Sir,

I have the honor to request that Government will be pleased to sanction a gratuity of three months' Salary to nurse Veeramalak of the Dying-in-hospital Vellore, for her long and faithful service to the municipality for a period of 23 years.

2. The nurse in question was entertained on the 1st February 1874 on a salary of Rs 3 per mensem which amount was increased to Rs 7 from 1st August 1881.

3. On the 5th March 1897 the District Medical & Sanitary officers recommended her for a gratuity as she had served the municipality for 22 years and 10 months after which
