Stone House Hill

Sir,

I have the honor to request that the following may be substituted for para (1) of my remarks on the report of the Cakramund Municipality for 1897-98 that para having been written under a misapprehension.

(1) There was some increase in the number of houses conserved by the Municipality but even now, less than 7 percent of the houses are dealt with under Section 218. Nor does any material increase appear probable; on the contrary a ^{decline} ~~decrease~~ is more likely.

A notification under Section 217 is in force in Botocannum & is of general application. As a consequence it is cheaper for every one who employs a private Sweeper not to contract under Section 218 if there are more 50 houses rented at Rs 100 per annum and upwards in respect of which Section 218 is not worked. If any extension of the system of Contract with the Municipality is desired the only apparent way of effecting it would be to restrict the scope of the notification under Section 217 to the Bazaar & Streets where the poorer class live, thus compelling the richer inhabitants to resort to Section 218. I shall discuss this matter

further with the Chairman whose remarks about the "vested interests" of Sweepers I do not quite understand."

I have the honor to be
Sir

Your most Obedient Servant
