Sir,

With reference to your Memorandum dated 29th ult., No. 877, I have the honor to submit the following observations on the points which call for explanation.

Clause (3). The Contribution (Rs 90) due to the District Board on account of the watchman employed to look after the Perambur and Madilam bridge has now been entered as a liability in the office copy in the note to Statement II for 1897-98 and I beg to request that a Corresponding entry may be made in the office copy.

Lower Primary Department.	68-0-0
Total	250-10-0

Clause (5). With reference to this clause, I beg to give below the explanation furnished by the Assistant Inspector of Schools, Aroor Division.

In Statement IV girl pupils presented and passed, who were paid grants from Provincial Funds were also included as usual, while in Statement V B, the statistics of boys alone, that is, such as were paid grants from Municipal Funds, appear.

Clause (6). The number of Private Scavenging Tatras actually employed during 1897-98 was 6 as explained in the report against 8, the number sanctioned and shown in Statement II B of the Budget for 1897-98.

clause (9). The calf watcher referred to in this clause was employed on daily wages whenever it was found necessary to take calves to the different depots for purposes of inoculation. His wages were however paid for the days he was actually employed on this work from the permanent advance allowed to the District Medical and Sanitary Officer to meet this and other incidental charges in connection with vaccination. As this servant was not a permanent member of the Establishment, he was not shown in Statement II B.

The other points in the Memorandum have been noted for future guidance, and the necessary corrections of the discrepancies pointed out made in the office copy of the annual Statement. I have the honor to be
