Municipal office
Calicut 6th September 1898

From M. A. D.
J. L. Saldanha and
Chairman, Municipal Council
Calicut

The Secretary to Government
Local and Municipal Department
Madras

Sir,
With reference to the accompanying copy of a resolution of the Municipal Council Calicut, I have the honor to submit for the sanction of government an application for a loan of Rs 20,000 for the construction of a market.

The want of a decent market for so important a town like Calicut has been long felt, but nothing could be done for want of funds. The sales are at present held in the old jail building handed over by Government to the municipality and a private warehouse, both of which have been

been repeatedly condemned by Sanitary Officers as quite unsuited for the purpose.

3. That the municipality will be able to erect a market from savings out of its ordinary revenue has been found to be impossible. As has been done in other municipalities, it can only build one by contracting a loan. To borrow the amount from outside is out of question, as the money market is so tight that 10 percent would be the least rate of interest which will have to be paid, and it is doubtful if any private individual will be able to lend so large a sum. The Council will therefore feel very thankful to government if it will kindly help it by advancing the required amount.
4. The market at many places appears to have cost Rs 19,281/ and to be realizing Rs 3150/ per annum in the shape of rents. The Calicut market

market (if it can be called one) has a revenue of Rs 2100/ of which Rs 300/ is paid as rent to a private individual. If a decent market with proper accommodation is built, there is every probability of the income being doubled. The Council therefore hopes that without trenching on its other sources and without any difficulty, it will be able to repay the loan by annual instalments of 1000 Rs and perhaps more from the market rents alone. The Council is anxious to go on with the work as it will not only promote the comfort and convenience of the public and remove a long standing reproach but also prove a permanent and a most useful source of revenue which will enable it to carry out many other improvements in the town which are now held in abeyance for want of funds.

5. A plan of the proposed market site is enclosed. The portions marked B and D are not now in the possession of the municipality, B being now used by the Volunteer band and D as temporary salt office. If the

If the loan is sanctioned,
a separate application will
be submitted for the acquisition
of these portions.

I have the honor to be,
Sir,

Your most obedient servant

W. S. S. S.
Chairman.

End on C. No. 547 of 1898.

Submitted.

2. The Municipal Council is already
considerably in debt having repaid only
Rs 15,000/- out of loans amounting to Rs 39,580/-.
Receipts from taxes on arts and buildings
showed a marked falling off in 1896-97
and 1897-98. A secretary has just been
appointed and improvement in Municipal
finances may therefore be looked for.

3. The Municipal Council may be
asked to renew its application in a year's
time if Government is disposed to grant
the loan.
