With reference to G.O. No. 1332
M. Mis dated 26th July last, I
have the honour to state that
the necessity to extend the pro-
visions of Sub-Sections 1 and 2
of Section 282 A of the District
Municipalities Act II of 1884 as
amended by Act III of 1897 to
the sweepers employed by this
Municipality is to prevent any
strike

strike among them at any future time whenever they are fined for absence or neglect of duty or whenever punctuality is demanded.

2. These men are in the habit of staying away from work at any time at their will, and some of them often abscond whenever there is a demand for their services elsewhere, hired for temporary periods and this causes a great deal of inconvenience to the Municipal work at present.

3. In this season of plague should it, unfortunately, break out in this Town, they might any moment abscond, as some of them did in the early part of September 1898 when they saw a few people inoculated for the first time in Bellary and we have not yet been able to replace four drivers of the conservancy carts.

4. Under these circumstances I consider it highly necessary and also desirable that the provisions

provisions should be extended to this class of servants of this Municipality and beg to request that the notification solicited in this office letter no. 287 dated 11th June 1898 may be issued at an early date.
