There are difficulties here.

(1) What is a Vedic School? I presume a School to teach only the Vedas - i.e. a purely religious School. Then how is the Municip. interested in it?

(2) And if the Students have to be fed, how far will 560. Rs. a year go?

(3) What security of title with a widow & an adopted son?

(4) The "trust" property seems to be the Munic.' office, which is made over on condition of a perpetual rent of Rs. 45 p.m. which has to be paid to the manager of the school.

All the Council gets is an ~~house~~ office for which it binds itself to pay for ever Rs 45 p.m to a certain school over which it has no rights of management (see petn.).

(5) What is the advantage to the public?

Vedic School _ Cocanada.

Note for the Secretary.

A Vedic School is, as presumed by the Secretary, a purely religious school, but this expression as applied to the institution in question seems to be a misnomer as in the petition flagged G, the chief object of the proposed school is stated to be "to encourage Sanskrit learning". The Municipal Council may be interested in this school, as it is an institution connected with the diffusion of education. There is a similar school under the control of the Taluk Board of Tanjore - Vide paragraph 44 of the President's report in G.O. No. 1934 L dated 2nd October 1894, and three others under the Local Boards in Tinnevelly in one of which, viz, that at Alwar Tirunagari Vedas are also taught - Vide para 30 of the Presidents report in G.O. No. 1504 L d/16 August /98 (2). It is not known what is to be the establishment of the school and how many students are to be fed. As however no restrictions have been imposed by the donors in regard to these matters, the Council is at liberty to regulate them according to the available resources.

Vide Sec 113 (iv) of the Dt. Municipalities Act.

acceptance of the trust by the Municipal Council on the ground of uncertainty of title. If the trust deed is at any time declared by the Court to be invalid, the endowment, the school and everything connected with it will cease to exist; and nothing will be lost by the Council.

(4) The trust property consists of a building, which is now used as the Municipal Office, certain main lands and a building intended for occupation by the proposed school. Some building is required for the Municipal Office and by accepting the trust the Municipal Council can have a building for its office, which will virtually become its property in return for the payment of a rent of Rs 46 per mensem. It seems, however, to be undesirable that the Council should bind itself to pay rent for this building for ever, as one of its own buildings may at some future date become available for the purpose or a rented building may become available for a much smaller rent, in which case the Council will be unable to get

On the other hand the M.C. might let the building premise -

to pay a perpetual rent. It is, however, observed that the school is also to be managed by the Municipality - Vide page 1 of the petition flagged X.

(5) The institution will be well administered if maintained by the Municipal Council and will, as a school for imparting Sanskrit education, be of advantage to the public.

Note

The old papers about the Kaliana mahal choultry at Tiruvadi, Tanjore, had to be obtained from the general records.

I have no idea of the costs or advantages of keeping up such a school & should ask the D.P.I. for report.

H.M. This seems a queer sort of trust (esp. see blue pencil mark), & I think it is doubtful whether it sh'd be accepted.

I see ~~no~~ not prima facie objection, but before sanctioning the proposal I w'd ask the Coll'r to report on the value of the property & on its ownership - (wh. he might have done suo motu before forwarding the pp.) and the D.P.I. to report on the school.
