Ref: on No. 1357 of 1898.

Chingleput District
Sub-Collector's Office,
Camp Coovenaar
28. September 1898.

FROM Mr. J. J. Esquivier
Sub-COLLECTOR OF
Chingleput District
TO THE Collector of the
Chingleput District.

Sir,
In reply to your Ref: on No. 509 of 1898 dated 24-9-98 received by me on 28-9-98 I have the honour to state that no class or caste of persons has come forward yet with offers to erect its own hospital or segregation sheds. I am writing to the Chairman of Coovenaar and Chingleput Municipalities and to the Chairman of Unions through President's Testing Board and am requesting them to make known to all the councillors and Panchayatdars the desire of Government that castes and classes of persons should erect their own hospitals and sheds, in order that caste men may not be compelled to go to Hospitals and sheds in which non-caste men are accommodated and attended to. As soon as any offers are made, I will myself give all assistance in my power.

towards the selection of sites and the
collection of materials.

2. In this connection I beg to
inquire whether medical aid will be
^{provided} ~~provided~~ by Government for such Hospitals
and sheds if erected by private bodies or
individuals. At a meeting of the Con-
-jeeraram Municipal Council yesterday, I
brought to the notice of the Councillors present
the wishes of Government contained in
para 6 of the G.O. No 396 P. dated 27 April 1908
and I was asked for information on
this point. I am afraid the Councillors
are inclined to regard the erection of
such Hospitals and sheds by private
bodies or individuals more as a duty
than as a privilege, and I do not think
they will spend more of their private
means than they can help. They may be
induced to erect some buildings or sheds
or perhaps hire some already existing
suitable buildings for the purpose - but I
doubt that they will provide their own
doctors, servants, medicines, disinfectants
etc. to put it shortly, they may be
induced to provide the buildings, but I

do not think it likely that they will keep up
and support the institutions. Therefore I
request that you will let me know exactly
what aid Government will extend to such
Caste Hospitals and sheds - whether Govern-
-ment will support and maintain them
entirely or whether Government will
give only the services of medical men
and will require the class or caste of persons
to provide medicines and to pay for all
the menials and other servants, or whether
they will be required to provide only menials
and other servants, medical men, medicines
and disinfectants being supplied by Govern-
-ment. Early instructions are requested.

I have to
