D. O. No. 30

Dear Tremenheere:

In my first recommendation for a plague inspecting peon I recommended Ranganaikam in preference to Kondapalle. The latter was chosen, I believe, simply on the score of expense. No objection was ever raised to Ranganaikam on account of either favouritism or want of water. There is, or used to be, a

My dear Atkinson,

It is in contemplation to move the Kondapalli inspection Station nearer to the frontier; it appears that the Station nearest to the frontier is Ganganeni polliem. Morris raises the objections of expense etc etc which are nothing; but he urges that it is difficult to get water there & that during part of the year the place is feverish.

Will you kindly give me your view: Were you Collector of Kistna, desirous of having an efficient Inspection & Disinfecting Camp as near to the frontier as possible. Should you regard the fever as being of a nature to make you pass

our Ganjineni? As for water, I believe there is some kind of a piner there, and so wells can be made.

Yours sincerely,
(Sd) H. Tremenheere

OFFICE OF THE

COLLECTOR & MAGISTRATE,

MASULIPATAM,

KISTNA DISTRICT.

26th February 1898.

FROM,

R. Morris Esquire,
Acting Collector, Kistna District.

To,

The ~~Chief~~ Secretary to Government,

Local and Municipal Department,

Fort St. George.

SIR,

In confirming my telegram of yester-
days date regarding the transfer of the Plague
Inspection Station from Kondapalli to —
Gonginenipalem, I have the honor to state
that Gonginenipalem is a small village situ-
-ated on the outskirts of this District with
a very scanty supply of water. On account
of its situation and the absence of any road
leading thereto, it is very difficult to obtain
all the supplies that might become necessary
when 10 days quarantine of all passengers
is made compulsory. There are no buildings
available there for the accommodation of the
Medical Officer, the attendants and police, or
persons under detention. The District Board
has already spent Rs 5000 for the erection of
a plague camp at Kondapalli and —
quarters for the Medical Officer, and additions
and alterations to the camp costing Rs 1000
are now being made. All this money will be

thrown away if the inspection station is transferred. Gangineni is said also to be very feverish at certain times of the year.

I have the honor to be,
Sir,
Your most obedient Servant,

For Collector.
