Sir,

I have the honor to forward an estimate of Plague expenditure in this Municipality for the year 1898-99 in the printed form received with your Ref. on. C. No 544 P of 17th ultimo.

2 — From the above it will be seen that a sum of Rs 11850 is provided for plague expenditure and it is considered ample.

3 — It is not possible to curtail expenditure under any of the budget heads and set free funds for plague charges without jeopardizing the efficiency of the several departments constituting the Municipality and in order to meet the plague expenditure

the

the Council proposed to borrow a loan of Rs 9,000 from Provincial funds and to allot Rs 2,850 from Municipal Funds. The latter sum is made up of Rs 1800, excess of anticipated receipts from tolls and market rents due to favourable bids at the yearly auction sale and Rs 1050 provided for cholera charges in the current year's budget in accordance with G. O. No. 1536 M dated 9th September 96 and rule No. 27 of the Plague rules embodied in G. O. No 522 M dated 13th March 1897.—

1— Read G. O. No 574 P dated 25th May 1898 issuing orders for the submission of estimates for expenditure in connection with plague preventive measures.—

Read also foot-note No 544 P / 11-6-98 to the said G. O. inviting the opinion of the Council to remodel the budget for 1898-99 to provide funds for plague charges.—

The probable plague charges including the cost of construction of plague sheds amount to about Rs 11,850. The Council finds it unable to meet the large outlay by making retrenchments in the several items of expenditure provided in the budget. As the construction of sheds alone costs about Rs 4260 and only a saving of Rs 2,850 can be effected in the budget, it is therefore resolved to apply to Government

for

for an immediate loan of Rs 2000 for the construction of sheds and a further loan of Rs 7000 in case plague breaks out. —

CHAIRMAN MUNICIPAL COUNCIL,

To

The Collector of

SIR,

I have the honor to forward an estimate of Plague expenditure in this Municipality for the year 1898-99, in the printed form received with your Ref. on C. No. 544 P. of 17th Ultimo.

2 – From the above it will be seen that a sum of Rs 1,850 is provided for Plague expenditure and it is considered ample. —

3 – It is not possible to curtail in expenditure under any of the budget heads and set free funds for Plague charges without jeopardizing the efficiency of the several departments

Constitute

constituting the Municipality and in order to meet the plague expenditure, the Council proposed to borrow a loan of Rs 9000 from Provincial funds and to allot Rs 2850 from Municipal Funds. The latter sum is made up of Rs 1800 excess of anticipated receipts from tolls and Market rents due to favourable bids at the yearly auction-sale and Rs 1050 provided for cholera charges in the current year's budget in accordance with G. O. No 1536 M. dated 9th September 1896 and rule No 27 of the Plague rules embodied in G. O. No 522 M dated 13th March 1897.

1 – Read G. O. No 514 P dated 25th May 1898 issuing orders for the submission of estimates for expenditure in connection with plague preventive measures.—

Read also foot-note No 544 P / 11-6-98 to the said G. O. inviting the opinion of the Council to remodel the budget for 1898-99 to provide funds for plague charges—

The probable plague charges including the cost of construction of plague sheds amount to about Rs 11,850. The Council finds it unable to meet the large outlay by making retrenchments in the several items of expenditure provided in the budget. As the construction of sheds alone costs about Rs 4260 and only a saving of Rs 2,850-"-" can be effected in the it is therefore resolved to apply to Government for an immediate loan of Rs 2000 for the Construction of Sheds and a further loan of Rs 7000 in case plague breaks out.
