Misc ORDER. No 189 mins 8 25/1/98

The municipal council's nomination cannot be approved. It is essential that the person nominated for the office of the Secretary should be a capable man, possessing official and executive experience, who can exercise efficient control over the work of the other municipal servants, attend to the prompt realization of municipal revenues and in fact discharge almost all the office and outdoor duties of a chairman satisfactorily. The council is accordingly requested to select a candidate possessing these qualifications.

The Chairman, M. C. Cocanada

[G.]
250-7-4-97.Again G. O. No. 2235. m, dated 13th October 1897.
Current No 3959. m of 1897.

SUBJECT.

Appointment of a Secretary
for the Cocanada Municipality.FOR ORDERS.

Please see the notes
and orders in the Government
A order read above.

2 With his letter read above
the Chairman submits a copy of
the resolution of the municipal
Council, in which it unanimously
recommends again the appointment
of G. L. Narasimham as its secretary
on probation for one year, as the
chief qualification required for the
post is a fair knowledge of Engineer-
ing and the council has not been
able to secure the services of a
man of larger practical experience
in engineering for Rs 150, than its
nominee. The Chairman requests
that the council's nomination
may accordingly be approved and
that if this cannot be done, he may

be furnished with any suggestions which in the opinion of Government should form the basis of selection so that the same may be borne in mind in the nomination of a fresh candidate.

3. The council appears to have advertised for men possessing engineering qualifications and this has limited its choice to a small circle. It is however, not understood how the council got the idea that its Secretary should possess engineering qualifications. An Overseer^{can} will supervise the municipal public works and what is wanted^{for the office of the Secretary} is a capable man possessing official and executive experience, who can exercise efficient control over the work of the other municipal servants, can attend to the prompt realization of municipal revenue and in fact discharge almost all the office and outdoor duties of a Chairman satisfactorily. It is therefore submitted that the Council may be asked to select a man possessing these qualifications which can only be found in a

x The application of Mr G. L. Narasimhan was already submitted to Government with our letter no 670 dated 18th August 1897.

No. 1120 Municipal office
Coimbatore, 10th November 1897

From
M. R. R. Penajir Garu,
Chairman, Municipal Council
(Coimbatore).

To
The Secretary to Government,
Local and Municipal Department
— Madras

Sir,
In forwarding herewith enclosed copy of the Council's resolution in reference to G. O. no 2238 M. No. dated 13th October 1897 and the three applications referred therein, I have the honour to submit that Government be pleased to make the appointment as soon as possible. If Government do not consider it advisable to confirm the nomination of the Council, any suggestion, which in the opinion of Government should form the basis of selection, may be furnished so as to bear them in mind in the nomination of the candidate. As there, at present, exists no prospect in the department, I do not think that those of sound education and larger experience can be secured and experience in all necessary.

directions can easily be gained when the
nominee possesses the required educational
qualifications.

I have the honour to be,

Sr,

Your most obedient servant

Benaru
Chairman

7. Read G.O No 2238 M. M. date
13th October 1897 regarding the nomination
of Secretary together with the telegram
upon the subject

In view of the fact that the water
project is in course of execution and that
the Council has no qualified officer to effect

by supervise its public works, whilst it is provided by Government with professional supervision in matters, educational, medical and sanitary. The Council is of opinion that the chief qualification, which should be insisted on, in the case of its secretary is a fair knowledge of engineering, and this, the Council's nominee, Mr G. S. Narasimham possesses. The Council has not been able to secure the services of a man of larger practical experience in engineering for the salary offered viz Rs 150/- per month. The Council, therefore, respectfully and unanimously recommends that the appointment of Mr G. S. Narasimham B.C.E. be sanctioned on probation for one year. The three applications of candidates possessing engineering knowledge will be submitted to Government.

Sir,

From an advertisement in the Hindu of the 31st May '97 I came to understand that a B.C.E. is wanted for your Municipality. But the salary which is put down as Rs 125 to 150 per mensem is not I think very attractive, and I doubt if any B.C.E. of some experience would apply for the place. If there be any chance of making it 150 to 200 or so, I should be like to offer my services and would be even willing to bind myself for a term of 5 years.

I am at present drawing 150 + 60 Rs as Local Fund Supervisor in Vizagapatnam District and have an experience of about 12 years in the various Engineering Departments including 4 years service in the Sanitary Engineers' Guilds of London Institution's Engineers' examination, the result of which is not declared yet. I have served in the capacity of an Assist Engineer in the P. T. O.

Bombay 4th June 1897.

Respected Sir,

As I have learned that an Engineering Graduate is required by the above Municipality, to discharge the duty of a secretary, I myself apply for the same.

As regarding my qualifications & experience, I have passed my examinations in Technological Mechanical Engineering at the Bombay Victoria Jubilee Technical Institute & have passed my 1st class Engineer's examination under the Bombay Govt. Act. I had also appeared in the last month of May for the City & Guilds of London Institute's Engineer's examination, the result of which is not declared yet. & I have served in the capacity of an Assist. Engineer in the P. T. O.
