No.

Mr. Moore, in his endorsement, flagged N, expressed the opinion that a male Compounder for the women & children's hospital was not desirable & at the same time ~~[illegible]~~ remarked on the obstinacy of the Council in refusing to consider the question of sending a female Compounder ~~at~~ for training. The Govt. thereupon observed that the appt. of a qualified female Compounder was highly desirable & asked the Council to reconsider its resol^n. in the matter — Vide G.O. No. 1370 M. d/ 4th August 1898. In reply, the Council states that the work of the male Compounder cannot be satisfactorily performed unless two female Compounders are employed, that this step will involve add^l. expenditure which it cannot afford to incur at present, as it has the const^n. of a dispensary building in view and that it is difficult to get qualified female Compounders. The Chairman also recognises this difficulty (vide the concluding portion of his letter). In the present draft order, the retention of the male Compounder for the present (i.e.) until a woman is sent up for training & she joins the municipality, is allowed & the Council is asked to arrange to send up a woman for training. This draft is not therefore inconsistent with the view on Mr. Moore's ~~report~~.

LOCAL & MUNICIPAL DEPT.
CURRENT No. 2958 M

Sir,

Submitted

Referring to G. O, No: 1370, dated 4th August 1898, I have the honour to forward herewith copies of the Council's Resolutions Nos. $\frac{4}{22\text{-}8\text{-}98}$, $\frac{15}{12\text{-}9\text{-}98}$ & $\frac{1}{17\text{-}9\text{-}98}$ with a copy of the Sub. Committee's report which was presented at the meeting held this morning by M.R.Ry T. Rajagopaul Naidu garu gam, Councillor. The female apothecary wishes to retain the present male Compounder (Rengaswamy Naidu) for the reasons set forth in the Sub-Committee's report. I do not think personally that the reasons set forth by the Sub-Committee show sufficient grounds to override the opinions of the District Medical Officer and the Surgeon General. The District Medical Officer found his opinion upon his local inspection. It is purely a matter of principle and it stands to reason that if it is at all possible to obtain a female Compounder or even two, if necessary, it must in many ways improve the status and utility of the Women and Children's Hospital. I do not think

that

---

that in a question of this nature a small increased expenditure should hold any weight, neither do I consider that the Council or even the Lady female apothecary (who has had no experience with female Compounders) are qualified to put their opinion against such authorities as the District Medical Officer and Surgeon General. I make no charge or insinuation against the present Compounder as suggested in the report of the Committee Para 2, but my attention has frequently been drawn by townspeople to the & objection of entertaining a ~~female~~ male compounder. There may be some difficulty in obtaining a caste female Compounder. In any case, I consider that the Council

Dindig

Gentlemen,

With reference t
No 1370 M. Mis: dated 4th aug
we have the honor to submit
is no doubt desirable to have a
female Compounder, especially
woman in a Women and Ch
Dispensary. But it is diffic
one with the necessary qualif
and capacity for work. Even
succeed in getting one, it is st
difficult to have the quantit
Compounding work and the
other duties which are at prese
by the male Compounder, pe
by one female Compounde
and efficiently. If the p
Compounder, is removed, Co
will have to engage at least
