The loss for the year was 408.49.
and the figure 448 given in para
3(5) of the review seems to be
a misprint. The establishment
being the same and current collections
practically the same as in the
previous year the increase in loss
seems to be due entirely to
expenditure on plant.

It is to be noted that as regards
annual collections not taken
into account in estimating the
loss, 117 rupees were collected
in the year under review against
Rs 35 the previous year.

I am

Very truly
M. Ranganatha Pillai
Chairman
Municipal Council
Kannayudi.

To The Secretary to Government
Local & Municipal
Department
Madras
(through the Deputy Collector
Kannayudi Division)

Sir,
With reference to para 3 (5)
of G.O. No 1382 dt dated 4th August
1898, remarking upon the unsatisfactory
Condition of the Private scavenging
system in this Municipality as evidenced
by the fact of its being worked at a loss
to the Municipal Council against
costs and requiring explanation
therefor, I have the honor to state as
follows:—

As pointed out to Government —
in the Administration Report for 96-97,
several

102492M
12-11-97

See page 7.

Several Causes combine to defeat
the endeavors of the Council to extend
the system & make it at least self-
supporting. There being plenty of
open space in & about the town -
to which people generally resort
for purposes of nature, most of the
houses have no premises attached to them.
The backyards of all such houses -
however cannot be pronounced -
unclean in as much as they are not
used by the occupiers for the purpose
in question. There are moreover some
people who have got their own
prejudices to accept the service
offered by the Municipality & who
would rather have their premises
cleared by their own agency.
The advantages of the system and
the interest which Government
takes in its progress are not -
however lost sight of by the Council
whose attention has been specially
drawn to the remarks of Government
contained in the last clause of the paragraph

in question for necessary action.
As for the loss to the Council on account
of this system being greater than in
the previous year, they state
that it is not due to the Collection
being shorter than that of the previous
year (the receipts under this head being
nearly double that of 96-97) but
it is owing to the fact that a new
lightsoil cart was purchased from
the Vedaswami Union and two hand
carts which were out of repair were
repaired in the year.

I beg to remain
Sir
Your most obedient servant
P. Ranganatha Pillai
Chairman
