Rs 30 There is no shed for covering tolls on the way to the Jail. Disputes often arise between the Toll Contractor and the Bandymen entering the Municipal limits on that side. Hence the work has to be finished in the course of the year.

Repairs. Cows: Chukler's Street, Upperkurian Lane, and Pallenara Street have suffered much by the recent rains. Their repair is of a very urgent kind and should not be conveniently put off. Something at least must be done for these streets. It is proposed to spend Rs 100 for these repairs.

Rs 350. This is for the Smoky repairs of the Woodbridge. This bridge is situated across the Jungle Stream on the way to the Railway Station in Lord Napier Street through which the whole town traffic passes. This bridge is pronounced by the D. P. W. Authorities to be in a dangerous state. And if it is left in its present state, there is every probability of the bridge falling away. The work has already been taken up and the bridge is closed for the Cart traffic. Any further delay in its repairs will seriously interfere with the town traffic and public convenience. The sum now provided is only for Smoky repairs. In this transaction it will be observed that there is a deficit of Rs 60 under this head.

Buildings: Rs 530. A sum of Rs 780 had been provided in the Const. Plan Budget for the thorough upkeep of all the Municipal Buildings. Rs 250 was spent in repairing the Weekly Market Shed and the Municipal Hospital and its out-houses. There still remains 530 to be spent in the maintenance of other Municipal buildings. These have been hit at by the heavy rains which are pouring every day and it is feared that this amount will be hardly sufficient to repair them thoroughly.

Drainage Rs 40 is necessary to keep the existing masonry drains in order especially in this unfavourable season.

General

I humbly beg to submit that Rs 100 must be kept in reserve to meet such of the damages as are likely to be caused to the roads &c. by the incessant down pour of rains.

This transaction leaves a balance of Rs 28 and odd. This amount together with Rs 210 in Col. 6 and Rs 423 in Col. 3 making a total of Rs 917 and odd may be utilized during the next 4 months in the plague preventive measures.
