To,
The Secretary to Gove

Madras.

Sir,

With reference to you official memorandum No: 1023 dated 10th Septemb 1898 directing me to expla certain discrepancies no in the administration rep of this Municipality for 189 I have the honor to report a follows:-

Clause (6). The figures as given in Columns 8, 9 & 11 in the appendix to statements IV A and IV B, are the correct ones. The statement has been revised in accordance therewith.

Clause (8). The number of boys on the rolls on 31-3-98 was 167 in the Pachaiappah's High school and 79 in the F.C.M. High school.

3. Clause (9). The statement submitted by the assistant Inspector of schools includes one school which was aided solely from provincial funds, whereas statement V B gives only those schools which were aided from

Municipal

Municipal funds alone.

4. Clause (10) & (11). The figure given in Column 5 of statem IX A relate to the persons assessed to tax under clau IX of schedule A of the Act. A revised statement is herewith submitted givi the correct classificatio and figures.

5. Clause (12). The number of births and deaths viz 1494 and 1134 respectivey given in para 57 of the report represent those recorded from 1st April 1897 to 31st March 1898; while the figures entered in Columns 1 and 2 of statement XIII, represent the births and deaths from 1st October 1896 to 30th September 1897. These latter

figures giv

figures seem to have been adopted for vaccine purposes as only those children who are six months old or more can be compulsarily vaccinated. Hence the difference.

5. clause (14). Statement II Water works contingencies. This item is made up of Rs. 4136 – 11 – 4 as shewn in the margin.× The last item was erroneously shewn against grant IV instead of being shewn against contingencies in the statement shewing the revenue derived from water works.

× Rs. 48 – 0 – 11 on account of repairs & machinery &c.
Rs. 4082 – 4 – 9. Contingencies such as cost of fuel, coal, oil &c

The number of houses served by the private scavenging agency during 1897-98 is 1074 as given in para 29 of the report and the number 1073, shewn in Column 4 of statement XI has been corrected accordingly. The figure 1083 appearing in para 59 of the report was the number of houses which stood on the list on 31st March 1897 or at the beginning of April 1898.

& was by mistake quoted in that para.

7. clause (16). The strength of the Reddipet school in 1896-97 and 1897-98 is 62 and 27 respectively as given in statement no: V A for those years. The figures shewn in para 40 of the report have since been corrected.

7. clause (19). A person was attacked with cholera on his way from North Arcot to Conjeeveram and died within the limits of the Munici

The civil apothecary accordingly registered only the death. In the Municipal office, however both the attack and the death were registered in the accounts.
