As out of the anticipated closing balance of Rs 10,190, shown in column 4. of the Statement submitted with the last of the letters read above, a sum of Rs 10,000 has been reserved for expenditure on the water-supply scheme, the Govt. does not consider it desirable at present to allocate the sum of Rs 870 required for the construction of plague-sheds, etc, from this balance. The unexpended balance of Rs 546 in the budget provision for epidemic charges, and the sum of Rs 1044 referred to in the last letter read above, should be reserved for expenditure on plague preventive measures in the current year, and the allotment of Rs 870 above referred to should be met from this reserve. The necessary provision should be made in the Revised Estimate.

2. The transfer of Rs 337 from Grant 1.
New-works, water-supply to Repairs. Buildings
proposed in the Chairman's last letter is
sanctioned.

Order 207/10/98

The Chairman is requested to
explain the necessity for the present
allotment of funds, as there is a
provision of Rs 1000 under Cholera
charges in the budget for the current
year, which, if still unexpended, can
under No 27 of the rules issued in
G.O No 522 M, dated 13th March 1897
be utilized to meet the required
expenditure in connection with the
plague. A note showing the extent
to which the balance has been drawn
upon should also be submitted, as
required in Government memo-
randum No 376 dated 11th June 1890.

With reference to G.O. No. 1198 of 20 October 1898, I have the honor to state that, out of a sum of Rs 1000, provided for in the budget for cholera charges Rs 151-7-2 had been spent at the time, I applied for sanction of the amount referred to therein, and there remained a balance of Rs 848-8-10. This amount is necessarily required for observation and prevention staff to be employed, and other measures to be taken, should plague or cholera break out. The amount, sanction for which was applied for, was intended to meet

the

The Cost of the Plague Sheds and of the
Medicines and equipment to
be provided in connection therewith;
and it was thought necessary
to obtain sanction for this
amount, leaving untouched
the balance, in the amount
provided for in the budget,
for observation and prevention
staff. I may add that
the Plague Sheds have been
erected and Rs 240 has been
paid in part to the Contractor.
The balance about Rs 583
will have to be paid within a
few days. Medicines have
also been sent for. I think that,
under these circumstances,
the sanction for the amount applied
for is necessary and I have
the honor to request that the same
may be sanctioned from the
closing balance of the year.

The

The extent to which this balance
has been drawn upon is Rs 870,
being the amount now applied
for.
I have the honor to be,

To,

The Secretary to Government

Local and Municipal
Department
Madras

Sir,

With reference to G.O. No. 2031 & of
22.10.98 I have the honor to enclose
herewith the statement therein rolled for
with the following remarks.

New works

- (a) Communications - There is a balance
of Rs 61 under this head and this
amount is necessary to complete the
work already begun under the head.
 - (b) Buildings - There is a balance of
Rs 287 under this head owing to the
non-erection of certain additional
wards in the Municipal Hospital.
- † This sum can be reserved, if
necessary

necessary for plague expenditure

(C) Drainage - Out of the balance of Rs 255 under this head, a sum of Rs 112 is indispensably necessary for putting up shutters to certain drains and there is a balance under this head of Rs 143 +

(d) Water supply - Rs 108 has been spent in constructing a well, and about Rs 35 still remains to be paid on this account. As proper sites have not yet been selected for constructing any more wells during the year and as there is no likelihood of taking the work on hand till February next, even if proper sites could be secured, ~~before the~~ year, the balance under this head may be utilized for plague charges, if necessary, deducting therefrom Rs 337 which will have to be transferred from this head to the

the head Repairs to Buildings as explained below

II Repairs

(a) Communications - The expenditure of Rs 1228 under this head together with the liabilities actually incurred viz. Rs 925 leaves a balance of Rs 847. As the roads require to be frequently repaired to keep them in good order this amount cannot be spared for any other expenditure.

(b) Buildings - The expenditure actually incurred is Rs 402 & the liabilities incurred including the cost of the work which is being completed amounts to Rs 535 & the excess expenditure of Rs 337 will have to be met from the allotment under the head New works - water supply as explained above.

(c) Drainage - The expenditure actually incurred together with the liabilities under this head amounts to Rs 175 & the balance

balance Rs 75 will be required to meet petty repairs.

(d) Water Supply - There is a balance of Rs 94 under this head which can be spared for plague charges.

Thus it will be seen from the above that there is a sum of Rs 1044, the whole or a portion thereof, can be spared for the plague charges, if necessary.

I may add that I have ordered, pending disposal of this reference, to stop commencing certain works under new works - communication and drainage.

I have the honor to be
