ORDER—Circular No. 4
General No. 110, dated 8th October 1898.

It may become necessary at any moment for Collectors or other Plague authorities to occupy buildings belonging to other departments than the Revenue Department, for plague purposes. In such cases it is requested that the earliest possible intimation of such occupation be given to the authorities in charge of such buildings.

It must also be remembered that in all such cases, any moveable articles in the building at all likely to retain infection should be first carefully removed and placed under proper guardianship.
