Provision made in the Budget for plague expenditure including amount subsequently allotted.	Expenditure incurred up to date on plague preventive measures.	Balance of allotment. (Difference between columns 1 and 2)	Anticipated closing balance of 1898-99 as revised with reference to the actual opening balance of the year.	Allotment sanctioned up to date from the closing balance.	Balance available for allotment. Difference between columns 4 & 5)	Works provided for in the Budget for 1898-99. (New works and repairs)	Allotment for the year	Expenditure or liabilities actually incurred up to date.	Balance of allotment. (Difference between columns 8 and 9)	Remarks.

Rs 3500	Rs 1290	Rs 2210	Rs 3490	Rs Nil	Rs 3490	1. Communications. New works 2. Buildings do. 3. Water Supply do. 4. Communications. Repairs 5. A workshop at a cost of Rs 900 is under construction at the Pumping Station and this ought to be proceeded with as the same is approaching completion. The cost of labour materials ordered and received will have to be paid; but their construction may be postponed. The other works provided for may be stopped. 4. As some of the roads and lanes require immediate repairs half of the remaining allotment may be spent and the other half reserved.

* Amount of Rs 935/- was spent on Cholera preventive measures during the early part of the year.

* The sale of the old pumps referred to in para 54 of the last Budget report has not as yet been effected and there is no probability of the same being sold within the close of the year. Consequently the amount taken credit for under this head viz Rs 6000 has been omitted. Besides the endowment balance of Rs 3240 has also been omitted and the Municipal balance proper is therefore Rs 3490.

* A sum of Rs 8000 will have to be paid shortly as compensation for the Distillery buildings proposed to be acquired for an infectious hospital as against Rs 6000 provided in the Budget. The difference can be met from the provision viz Rs 2690 made under Grant II 7(a) Building Furniture &c grants.
