Sir,

With reference to para 7 of G.O nos 1452 & 1453 & dated 11 August 1898, reviewing the report on vaccination for 1897/98, I have the honor to submit that the actual cost on account of vaccination in 1897/98 was only Rs 441-6-6 at an average of bas 5 ps per successful operation. The amount paid in 1897/98 for arrears of 1895/96 & 1896/97 amounting to Rs 192-4-0 being included in the charges, the average rose to above 8as. However, the Council have decided to appoint two 3rd class vaccinators in the place of the 1st & 2nd class men now employed, sending the former back to the Provincial Service to which he originally belonged & the other to Local Fund Service if it will take him.

I am, Sir,

SANITARY COMMISSIONER FOR MADRAS,

To

Local and Municipal Department.

Enclosure.

Sir,

With reference to your Endorsement No. 1203 dated 20th October 1898, I have the honor to state that the proposal of the Municipal Council, Cannanore, to replace the existing vaccinators by two third class men, who will be paid Rs 7 each, is both ill-advised and retrograde, and should not be allowed. The men that can be had for Rs 7 can but be inexperienced and unskilled. I would therefore suggest that the first class vaccinator on Rs 16 be retained, and that the services of the 2nd class vaccinator on Rs 10 be dispensed with, with the recommendation that his services be accepted by the District Board on a suitable occasion occurring. For the work there is in the town, I consider one man will suffice. The operations for the last five years have averaged 1,716 per annum or 143 monthly. This number can easily be overtaken by a single man, provided the Council work the compulsory clauses correctly, as required in G.O. No. 1502 M dated 19th October 1894.

I have the honor to be,

Sir,

Your Most Obedient Servant,

Lieut. Col. I. M. S.,

Sanitary Commissioner for Madras.
