CURRENT No. 3569

From The Chairman  
Municipal Council  
Masulipatam

Mis Order. No 2073 mis & 6/12/28

No. 1017

The Government considers it sufficient <sup>it</sup> for expenditure on plague preventive measures in the current year, the Municipal Council reserves in addition to the unexpended balance of Rs 358 in the provision for epidemic charges, Rs 1500 each <sup>in the allotments</sup> under Repairs-Communications and Buildings. The necessary provision should be made in the Revised Estimate.

Dated 16. 11. 98.

To,

The Secretary to Government  
Local and Municipal Department  
Madras.

Sir,

In reply to G.O. No. 2031 L, dated 22<sup>nd</sup> October 1898, I have the honour to submit herewith the statement therein called for. The Council in their resolution No. <sup>19</sup>/<sub>12.11.98</sub> copy enclosed has expressed the opinion that metal and gravel stacked by the contractor at the road side or canal side and not measured as yet should be paid for, as the Council have evidently incurred a legal liability in respect thereof to the

as Contractor. Except as regards some portion  
of the Cantonment road, the Church road,  
the and the Bank road, no substantial work  
has yet been done on any road, the actual  
cost and the liabilities hitherto incurred being  
mainly on account of materials purchased.  
Some petty repairs have also been done  
from time to time. Though repairs of a  
substantial nature may be stopped for  
this year and the materials stacked by  
the road side utilized for the purpose  
next year, still it will be necessary,  
I think, to be constantly repairing the ruts  
and holes that may be formed on the roads,  
and this work cannot be dispensed with  
without public inconvenience. I have therefore  
asked for a sum of about Rs. 800 for this  
purpose besides what is asked for below  
under the head of petty roads. There are  
some rather narrow streets under the head  
of petty roads. Owing to metal having been  
stacked in heaps all along, traffic is rendered  
somewhat inconvenient. One petty road called

Vadlamanaivarai's road has become particularly  
inconvenient in this way besides being in a  
bad state of repairs; and the road being one  
much frequented by cart traffic, bullock  
coaches &c. it is quite necessary to spread  
away the metal and finish the work. A  
sum of Rs. 450 may be reserved for this  
work and other minor works on petty roads  
generally.

2. The Council have expressed a desire  
to buy up, if possible, all the metal  
contracted for this year as the rates are  
specially favorable to the Municipal Council.  
But that step will reduce the balance  
under roads to a very large extent  
and I have not therefore named any  
amount in the remarks column for that  
purpose. If it is to be named, I should  
say, it would be about Rs. 1500 or more.

3. I have also tried to show the  
amounts which it is absolutely necessary  
to spend under other heads. The balance  
that will thus be available for plague

at is No. 5110. All works have been stopped  
and as directed in the Government order except  
the sections of the work actually in progress  
be and half finished on the Church road,  
Co. and Cantonment road, which if not  
finished, will prove an obstruction to  
the public.

I have the honour to be,  
Sir,

Your Most obedient Servant

V. Venkataswamy  
Chairman M. C.  
Masulipatam

17-11-98

in the Hospital  
is following  
the order.

Increase is due to much damage done by heavy floods.

Sum of Rs 413.14.3 alone will have to be treated as balance.

Besides the expenditure already incurred 35 cys of road gravel has been stacked on the road line. It is still to be measured and billed for. The amount of the value (Rs 80.15.0) is due to the contractor and Rs 120 more will be urgently required to complete the work in progress.

Rs 4.50 will be wanted. The expenditure is necessary for reasons stated in the covering letter. The balance will thus be Rs 504.5.5.

Besides the metal on the road side above referred to the contractor had before he received to stop further supply, got ready about 300 cys of Quartz metal and 60 cys stacked on the canal side. It will have to be taken by him to be used then it will be measured and billed for. The price of the contractor depending on the contract he prepared and
