Memo

With reference to the statement called for by the Government there are no savings whatever under "Communications—New Works and Repairs— as per details furnished therein. Rs 3000 is budgeted for constructing hospital buildings, but there is no probability of this amount being utilized within this official year as the estimates therewith connected are not yet ready and these will take a good deal of time before anything definite may be settled as to what the Council intends doing in this matter seeing that the rough estimate has come to about a lac of rupees— far beyond the means of the Municipality for the work being undertaken by it. So this sum may be spared.

There may be a saving of nearly Rs 300 under "Water-supply— Repairs", as it is not likely that the full amount budgeted will be utilized within this year as the tanks and wells being full, repairs to them may not be possible.

Thus in all, the Council may be in a position to spare Rs 3300 out of the budget allotment for this year.

Sir,

Sir,
In obedience to the instructions in G.O No 2031 L dated 22nd October 1898, I have the honor to submit herewith a copy of a resolution of the Municipal Council passed at a meeting held this day to the effect that the Council is prepared to make a provision of Rs. 2000 towards the plague charges in addition to the amount already allotted. Rs 723-0-3 was the allotment provided for already, and the Council is of opinion that the sum now made is ample enough to meet all expenditure that may arise in connection with the plague.
