he sees no objection to the issue

of Section 309 of Act I of 1884
for the purpose of enabling the
President of the Municipal
Commission to issue the pro-
posed notice under the same
Section to all occupiers of pukka

submitted that the necessary
Notification may be now issued.

Section 309 - City Municipal Act
 No. 2080 m
 6-12-98 OPINION.

LOCAL & MUNICIPAL DEPT
 CURRENT NO. 6-12-98

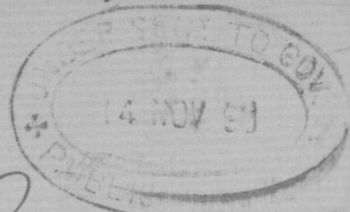

1. I see no objection to the issue of a Notification by Government declaring all parts of the City to be subject to the provisions of Section 309 of Madras Act I of 1884 for the purpose of enabling the President of the Municipal Commission to issue the proposed notice under the same Section to all occupiers of pukka built houses.
2. The Section is curiously worded, but it seems to me that after the Notification has been issued with reference to all parts of the City, it is competent for the President to select a given class of buildings and to call upon the occupiers thereof to provide the receptacles referred to in the Section. The word "all" as used with reference to "parts of the City" obviously means "all or any", and I think it has the same meaning as used with reference to "occupiers of buildings." I do not see how notices to the occupiers of buildings of a certain class, situate within a part of the City which the Government has by Notification declared to be subject to the provisions of the Section, could be said to be bad on the ground that all occupiers of buildings within that part of the City had not been called upon by notice to provide the receptacles referred to in the Section.
