Informing that the Council is not
Competent to grant the site in front
of the Reading Room as the land forms
the property of Government.

The sites form portions of
public streets over which people have

Sir,

Adverting to G.O. no. 1310 M.

This dated 21st July 1898, stating that
certain sites proposed to be granted
to the Jubilee Committee do not appear
to form part of a thoroughfare and
that the Municipality is not therefore
competent to grant them, I have the
honour respectfully to submit that
they form margins or parts of two
public streets on which people have

been

3001/m/98

been exercising a right of way.
The site marked A in the enclosed
plan is a portion being the side
margin of the broad street known
as the Catcherry street, that marked
B is similarly a part of the
Catcherry cross street. They are
not lands adjoining the road-
way but are actually parts of
public streets used by the people
as thoroughfare. The information
in the plan already submitted
is not quite correct in reference
to ditches, which, in the opinion
of the Council may have produced
the impression that the sites
required by the Committee are between
the side drains and the outer wall
of the building. As a matter of
fact there is no drain in the
streets and what was shown as
such

Such to the north of the Reading Room
in the rough drawing, was the frontage
line according to the neighbouring Muni-
cipal building, along which a ditch
may be dug, when one may become
necessary. It was intended to show
that the portion remaining after the
front will be as broad as the portions
of the streets on the west.

2. Kats being an entire Enam
dillage the only other body which can
lay claim to such sites is the Deves-
taunam Committee but, as against their
claim, several sites have been sold
by the Council and the Government
in their Order no 1009 N. No dated 7th
October 1895 refused to recognise
the rights of the Devestaunam to sites
of the kind, or to avowance in them.
The sites in question, besides being used
as passages by the public contain

Perhaps
Revenue cannot
sell the sites
without

a few avenue trees planted by the Municipality several years ago. To dispute the authority of the Council to sell or grant them in this case would lead to complications between the temple committee and the Municipality.

3 As they do not form the property of Government as sanctioned in the G.O. and as they are actually portions of public streets vested in the Council under Section 23, I am instructed by the Council to respectfully solicit the favour of the Government to reconsider their order and to sanction the free grant of the sites to the temple committee for the laudable purpose of being used in connection with a hall which is now nearing completion.

4 A revised plan of the sites and a copy of the resolution of

the Council are herewith submitted.
