SUBJECT.

Submitting a statement showing works from which funds can be diverted for Plague expenditure during 1898–99

Ootacamund Municipality

Mis. **Order** No 2128 Munl 13/12/98.

For expenditure on plague preventive measures in the current year, the Municipal Council is requested to reserve in addition to the savings of Rs 4290 in the allotments for works referred to in the last column of the statement, the anticipated increase of Rs 3000 in the revenue from markets, which, however, will merge into the closing balance. The necessary provision should be made in the Revised Estimate.

SUBJECT.

Plague Expenditure – Ootacamund Municipality

FOR ORDERS.

M

Under G.O. No. 883 Financial dated 13th October 1898, the Municipal Council of Ootacamund has to provide, for expenditure on plague preventive measures in the current year, a sum of Rs 10,191. In the budget for 1898-99, Rs1000 were allotted for epidemic charges, but from the statement submitted by the Chairman with the first letter read above, it appears that a sum of Rs 2358 has already been spent on account of plague arrangements. From the statement submitted by the Chairman it appears that the probable savings which could be effected by cutting down the provision for works is Rs 4,290, and including the anticipated increase of Rs 3,000 in the income from markets, the total additional amount that can be

*C.No. 3533 M

reserved for expenditure on plague preventive measures is Rs 7290 as against the required sum of Rs 9191.⊗ The balance which has still to be found is Rs 1901

2. In the second× letter read above, the Municipal Council requests the sanction of Government for an allotment of Rs 10374 from the closing balance to meet the increased expenditure on plague preventive measures which will have to be incurred before the close of the current year. The anticipated closing balance of the year, as revised with reference to the actual opening balance is Rs 96062; but of this Rs 79790 represents the unexpended balance of the Provincial grant drawn by the Municipal Council on account of the water-supply scheme. The balance available for allotment is therefore only Rs 16272, or Rs 15972, excluding Rs 300 already allotted in G.O. No. 1494 M dated 24th August 1898. But as only Rs 1901 are required, it seems to be sufficient if a sum of Rs 5000 is allotted from the balance. It is therefore submitted that an allotment of Rs 5000 may be sanctioned and the Council asked to reserve the savings of Rs 4290 in the allotment for works
