Mis. Order. No. 2150 Mun. 15/12/98

L. The Govt. considers that as the District of Godavari has not yet been placed under observation, the employment of the observation and ambulance staffs shown in the proposition statement is unnecessary. It is therefore sufficient if, for expenditure on plague preventive measures in the current year, a sum of Rs. 2500 is now reserved on this account. The Municipal Council is accordingly requested to submit an application for the transfer of this amount from the allotments for such of the works as can be postponed with the least inconvenience to the public.

Vide Statt. flagged. T. 2. It is not understood on what the sum of Rs. 3892 shown in col. 2. of the statement submitted with the Chairman's third letter read above, was spent, as from the plague establishment list for November 1898, submitted to the

the allotments in their respective budgets if provision has not originally been made for the same. The Chairman of Cocanada Municipal Council accordingly submitted his proposals as detailed in his letter No. 554/6-8-98 addressed to me a copy of which has also been submitted by him to Government. I have approved of the Council's estimate of plague charges and of its proposals to meet the same from the allotments specified under the several heads in its Budget.

2 The total amount of plague expenditure as estimated by the Council and approved by me was Rs 12,840, including Rs 640 set apart for Cholera charges. In order to meet this expenditure, it is proposed to make transfers of funds aggregating Rs 12,200 from the several sources specified in the Chairman's application submitted to Government.
