NOTE

There is no provision for the grant of the loan in the budget for the current year. There will be no objection however to the L & M Dept. providing the amount in its budget of Provincial Loans and advances for the ensuing year, if the object for which the loan is required can be said to fall within the 1st condition laid down in art. 121 of the ~~Act~~ ^{Act}. It is doubtful whether a school house may be regarded as a work of "public and general convenience and utility" for which ^{only} loans may be granted, or even a work which is "merely or mainly convenient" for which ~~a~~ loans to a limited extent may be granted.

Article 121 includes a "Town Hall" amongst the objects in which loans to a limited extent may be granted. A school house is of greater public utility and it is thought that the amount ~~of Rs~~ required by the municipality (about Rs 25,000) could be treated as a Class IV loan.

In the present state of its
finances, the Govt. cannot hold out
any hope of a loan from Provincial
funds to meet the municipal Council's
share of the cost of the proposed ~
school building. The amount will, therefore,
have to be met by raising a loan
in the open market.
