From

The Hon: LIEUT.-COL. SIR GEORGE MOORE, KT., C. I. E.,

To

The Plague Commissioner,

M A D R A S.

SIR,

With reference to your endorsement No. 99, dated 8th October 1898, on Current No. 204 (herewith returned), I have the honor to state that Mrs. Huffton was directed to qualify herself for inoculation and has done so.

2. As there was some doubt as to whether any one but a commissioned officer was authorized to inoculate, she was not definitely engaged. As I now understand that there is no objection her services will be retained at once.

Enclosure.

No. 5352

Encl.

From

SURGEON-GENERAL C. SIBTHORPE, F.R.C.P.J.

SURGEON-GENERAL WITH THE

GOVERNMENT OF MADRAS,

Madras,

To

THE

Plague Commissioner,

Madras.

SIR,

I have the honour to state that Mrs. E. Huffton, a qualified Lady Medical practitioner, having applied to me for plague duty, on very moderate terms viz Pay Rs 150 per mensem plus batta Rs 2 per diem, I enquired of the President, Municipal Commission, Madras, if he could see his way to employ her. That Officer replied that he has no place for qualified medical women at present.

2.

As recent events show that Plague is perhaps not very far from Madras and as she is the only qualified medical woman who has yet applied, I am strongly of opinion that her services should be secured at once for inoculating Native women and especially gosha females, after undergoing necessary training under Major Bannerman, I.M.S. She may subsequently be placed

placed in charge of the female out-patient  
Department in the Municipal Hospital,  
Royapettah, until her services are actually  
required for plague duty.

3. I would therefore suggest the  
desirability of your addressing the President  
Municipal Commission on the subject.

I have the honor to be,

Sir,

Your most obedient Servant,

C. S. S. S. S.

Surgeon General,

Surgeon-General

with the Govt. of Madras.
