MARCH.

Plan for Plague Hospitals.

Forwarding to all Collectors, Municipalities and Local Boards copy of a —.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

READ—again the following papers:—

G.O., No. 2448 M., dated 6th November 1897.

ABSTRACT.—Communicating, with remarks, to the Surgeon-General, the Sanitary Commissioner and the President, Municipal Commission, Madras, Surgeon-Major Bannerman's report on plague in Bombay and Poona.

G.O., Mis. No. 2755 M., dated 9th December 1897.

ABSTRACT.—Requesting the Sanitary Commissioner, with remarks, to revise and resubmit to Government the plan for plague hospitals sent by Dr. Bannerman.

READ—also the following paper:—

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Fort St. George, 19th March 1898, No. 654-S.

With reference to G.O., Mis. No. 2755 M., dated 9th December 1897, I have the honour to forward the plan, as required by Government, duly modified as to the slope of the roof. In my opinion, the use of sheds in which double rows of beds are used, requiring a span of not less than 24 feet, is likely to prove very expensive in most localities in this Presidency. The design by Mr. James, C.E., was primarily intended for use within the City of Bombay, where necessarily ground of the nature required is scarce and valuable. Where, as would be the case in most of our mufassal towns, more room could readily be procured, the camp should, I consider, be more extended.

ORDER—No. 256 P., dated 23rd March 1898.

The plan will be lithographed and circulated to all Collectors, Municipalities and Local Fund Boards. It should be followed so far as the general disposition of the hospital, servants' quarters, latrines, &c., and the amount of accommodation to be provided in each building, are concerned, but the details of construction will be left to be settled by the local authorities according to the material available in each district. Where sufficient land is available, the spaces between the different buildings may be increased.

Enclosure.

SIR,

With reference to G. O. No. 2755 M. mis

dated 9th Dec 97, I have the honour to forward the plan as required
by Government duly modified as to the slope of the roof .

In my opinion , the use of sheds in which double rows of beds are
used requiring a span of not less than 24 feet , is likely to
prove very expensive in most ~~localities~~ localities in this
Presidency . The design was primarily intended for use within
the City of Bombay , where necessarily ground of the nature required
is scarce and valuable . Where , as would be the case in most
of our Mofussil Towns, more room could readily be procured , the
camp should , I consider , be more extended .

I have the honour to be

Sir ,

Your most obedient Servant

Surgeon Lt Col.

Sanitary Commissioner for Madras
