No. 828 , dated 2nd March 1898:-
3-3-98

With reference to the removal of the plague obser-
vation camp from Guntakal to Tungabadra, I have from a meeting
with the Collector of Bellary and the Sanitary Commissioner,
ascertained that they contemplate the possibility of Surgeon
Major Hakim, the Anantapur District Medical an Officer, act-
ing as Medical Officer at the Tungabadra Camp. His removal
from Anantapur District would cause grave public inconve-
nience. Besides having the ordinary heavy work of a District
Medical Officer and being constantly wanted by patients at
the various Railway Stations, he is Chairman of the Anantapur
Municipality. Should any cases of plague arise in this
District, his absence would be a most serious matter. I there-
fore trust that the District may not be deprived of its only
Commissioned Medical Officer.

No. 226, dated 9th March 1898:-

In returning the paper referred to me for remarks
with your endorsement No. 275, dated 7th March 1898, I have
the honour to state that up to this no order has been issued
received by me regarding the transfer of the plague inspec-
tion station ^{to} ~~at~~ Tangabadra.

2. In the event of such transfer being decided upon
by Government I am of opinion that Surgeon-Major Hakim should
proceed to ^{to} Tangabadra as Government has repeatedly pointed
out that plague inspection stations should be held by Com-
missioned Medical Officers.

3. As Surgeon Major Hakim cannot retain charge of his
own District while at ^{to} Tangabadra it will be necessary to
relieve him of his duties as District Medical and Sanitary
Officer, Anantapur, by one of the temporary private Doctors
who are coming out from England for this Presidency.
