As Podanore is a Station of only subsid^y importance, the Gt. considers that a Commd. M.O. is not required there. The S.G. will arrange to depute a second Apoth^y. In these circumstances

As Podanore is a Station of only subsidiary importance, the Government considers that ~~the~~ Apothecary already there will be sufficient for the plague inspection, and there is no need to examine at this station passengers coming from Bombay or the East generally.

it will be enough if a second is posted there: the S.G. is requested to arrange for the

As, however, it appears that even if the examination of passengers is confined to the trains coming from Calicut the Apothecary will have to be present at the station until a late hour in the night and again attend early in the morning the employment of an additional Medical subordinate of the grade of apothecary to assist him is sanctioned.

B

From the Medical Officer's letter forwarded with the Surgeon-General's letter No: 96 dated 28th January 1898, it will be seen that even if the examination of passengers at Podanore is confined to the trains coming from Calicut, the Apothecary will have to be present at the Station until 10 o'clock in the night and again attend early in the morning. It is therefore for consideration whether an additional Medical Subordinate of the grade of Apothecary should not be sanctioned for Podanore.

D

in modification of G.O. No. 238 M dated 27th January 1898 that no arrangements need be made for the construction of temporary sheds for commodation.

For Hospet also, it is submi
an Assistant who should, if possi
man who knows both Telugu (or

NOTE FOR THE CS

In accordance with recent arrangements that all proposed moves of medical officers in connection with plague shall come to Public for counterinitials the L & M. Dept forwards for counter-initials the Note for Orders below regarding the employment of additional Medical Officers for the Inspection stations at Podanore and Hospet.

As regards Podanore, please see H.M's note at C where, H.M. thought, the Apothecary at that station would suffice, as Podanore was a subsidiary station. H.M. also considered that (vide CS's note at E) passengers from Bombay or East generally need not be examined. So that no additional medical officer was required for Podanore. The L & M. Dept Note for Orders, however, refers to letter from the Medical Officer and points out that even if the examn. of passengers at Podanore is confined to trains coming from Calicut the Apothecary will have to be present at the station until 1 o'clock in the night

nd attend early in the morning.
This is rather hard & the suggestion
in the Note for the appt. of an addl.
Apothecary may perhaps be approved
in this Dept.

As regards Hospet, the L & M. Note
follows H.M.'s ~~[illegible]~~ note
at.

Submd., therefore, that the
Note for Orders may be counter-
-initialled in Public.

Pothanore is quite a subsidiary station. I think one man will suffice there. We have, I believe, an Apothecary there. He will do. For Hospet we sh'd. have a second man as proposed. A man who knows both Telugu (or Canarese) & Hindustani w'd. be preferable.

COPY of a letter from the Medical Officer, Plague duty, Podanur to the Secretary, Surgeon-General with the Govt: of Madras.

No. 192, dated 21st January 1898.

I have the honor to bring to your notice that there has been a change in the Time Table of the Train Service from the 16th instant. My work till then consisted in examining passengers individually by all the 3 Trains from the West and in inspecting for passengers from the Bombay Presidency by the 2 Trains from the East. Now the mixed Train (Goods with passengers) which used to leave Calicut at 6. A.m. and come up here at 5 P.m. now leaves at 12-30 p.m. and arrives here at 11 o'Clock in the night and often later on. And so we are not able to get home and go to sleep before 1 o'Clock in the morning. To do this single handed, as I am night after night without an assistant, is very hard. For I am obliged to get up again at 6 in the morning to attend to the Palghat Local which arrives here at 7-30. A.m. There is not even a writer to attend to clerical work.
