In continuation of my letter No. 202
the house in form for that I visited
from police yesterday on my return from
Dumugudi in this district with
Talukdar of that place. This officer assured
me that the disease in some of the villages
along the Nizam Frontier was small
Plague that eleven villages were
altogether that the total number
in these villages was 95. This
figures given to Mr. John Cain was
the Talukdar of Bompane and
that the burning of these villages
by Mr. Cain is found in his
original letter No. 53
dated 1307 from the Bompane
Talukdar of Bhadrachellam
forwarded from this letter for
is no cause for alarm & that
Plague in the Nizam Frontier was
District.

DESPATCH
 21 MAR 1898

FROM
 V. A. Bonadiv Esq.,
 COLLECTOR,
 Godavari District.

TO
 The Secretary to Government
 Local and Municipal Department
 Madras.

SIR,

In Continuation of my telegram of yesterday's date I have the honor to enclose two letters received from the District Medical and Sanitary officer whom as already reported I deputed to Dummagudem to personally see for himself and report on the state of public health on the frontier. It is gratifying to find that the alarm given by the Reverend Mr. Cain was unfounded and that there is apparently no cause whatever for anxiety on account of plague, as it does not appear to exist within 100 miles of the borders of the Bhadrachalam Taluq.

The Deputy Collector in charge of the Special Assistant Agents Division and the Tahsildars are

 Paper

Forwarded to the Collector and
 Government Agents Godavari D. for information
 and in continuation of my letter No. 3 dated
 13th March 1898.

From this letter it will be seen that
 there is no such disease ^{as Plague} prevailing in
 the Nizami frontier and that an unnecessary
 scare has been created
