Budget.

Reviewing the Salem District Board — for 1897–98.

GOVERNMENT OF MADRAS.

LOCAL AND MUNICIPAL DEPARTMENT.

Read—the following paper :—

From C. H. MOUNSEY, Esq., President, District Board, Salem, to the Chief Secretary to Government, dated Madras, 8th December 1896, No. 195.

I have the honour to submit the revised estimate of receipts and charges of the local boards of the Salem district for the official year 1896–97 and the consolidated budget estimate for 1897–98, together with the prescribed statements and a map of the district corrected up to date.

Revised Estimate for 1896–97.

2. *Receipts.*—The year opened with a balance of Rs. 1,00,053 as detailed by the Accountant-General against Rs. 89,450 anticipated in the original budget. The large increase in the balance is due chiefly to an opening balance in excess of the estimate and to enhanced receipts under land-cess, tolls, contributions for purposes other than educational, medical or public works, fees and fines and public works, and to short expenditure under Grant I in 1895–96. The receipts as now estimated amount to Rs. 3,64,381 against Rs. 3,69,460 expected in the original budget, the decrease appearing chiefly under land-cess and avenues. The chief variations are explained below, while the others are accounted for in the remarks column of statement IX.

3. *Cess on Land.*—The income under this head is estimated at Rs. 1,76,412 against Rs. 1,92,830 shown in the budget. The decrease is due to the unfavourable character of the season.

4. *Tolls.*—The increase of Rs. 6,795 is due to competition for many of the local fund toll-gates at the sales for the current year.

5. *House-tax.*—The increase of Rs. 2,048 is due to the revision of the tax in the unions under the Hosúr Taluk Board and to the taxing of the Therpettah and Bappanapalli villages comprised respectively in the Hosúr and Krishnagiri Unions, under G.Os., Mis. No. 1071 L., dated 11th June 1896, and Mis. No. 1501 L., dated 20th August 1896.

6. *Avenues.*—Rs. 26,860 are now estimated under this head against Rs. 34,860 in the original budget. The decrease is due to want of competition at the sales for the current year and to the unfavourable state of the season. The sales in the current year, however, fetched nearly Rs. 3,350 in excess of the revenue for 1895–96.

7. *Expenditure.*—The total expenditure of the year is now estimated at rupees 4,07,071 against the budget estimate of Rs. 3,91,800. The increase appears under all grants and the variations are explained in the remarks column of statement IX. The balance to be carried forward to the ensuing year's budget amounts to Rs. 57,360 in round figures, of which Rs. 6,670 appertain to unions and Rs. 15,090 to endowment funds.

8. The following establishments have been entertained or revised temporarily in the current year and the necessary proposition statements are herewith submitted for sanction as required in paragraph 1 (1) of G.O., No. 889 L., dated 17th May 1894 :—

Budget Estimate for 1897–98.

9. *Receipts.*—The receipts excluding the opening balance are estimated at Rs. 3,63,720 against Rs. 3,64,381, the revised estimate of 1896–97, and Rs. 3,92,999, the actuals of 1895–96. The difference between the budget estimate of 1897–98 and the revised estimate of 1896–97 is due chiefly to decreases in the estimate from tolls, house-tax and miscellaneous debt heads being partly counterbalanced by increases under land-cess and avenues. The difference between the present budget estimate and the actuals of 1895–96 is further mainly due to the increased collections of land-cess in the earlier year; and also to large receipts under miscellaneous debt heads which are now excluded.

10. *I. Rates and Taxes*—(*a*) *Cess on Land.*—According to the demand, collection and balance statement appended to statement IX, a balance of Rs. 19,213 will be left uncollected at the end of the current year. Taking the current demand at the same figure, Rs. 1,92,128, as the demand in the revised estimate, the total amount to be realized in 1897–98 will be Rs. 2,11,341, of which Rs. 1,88,000 or 89 per cent. will, it is anticipated, be collected within the year. The decrease as compared with the actuals of 1895–96 is due to more than 98 per cent. of the total demand having been realized within that year owing to the specially favourable character of the season.

11. (*b*) *Tolls.*—The income from tolls is estimated at Rs. 43,800 against rupees 40,000 entered in the current year's budget. Of this sum Rs. 40,000 are expected from the fifteen toll-gates of the district board and Rs. 3,800 from the municipalities of Salem, Tiruppattúr and Vániyambádi on account of through traffic tolled by them. The figures for 1897–98 are based on the actuals of 1895–96.

12. (*c*) *House-tax.*—Rs. 28,980 are entered as income under this head against Rs. 28,220, the budget estimate for the current year. The increase is due to the revision of classification of houses in some of the unions under the Hosúr Taluk Board.

13. *II. Education.*—The receipts under this head are estimated at Rs. 21,700 against Rs. 22,300, the budget estimate for the current year, and they comprise school-fees, amounting to Rs. 21,080; sale of books, Rs. 500; money assessment from the lands attached to the Palakode school, Rs. 40; and miscellaneous, Rs. 80—being chiefly sale-proceeds of articles manufactured by the carpentry class attached to the Námakkal high school and the income from leasing out the compound of the Hosúr board school. The decrease of Rs. 630 under school-fees is due to reduced income expected from this source by the Námakkal Taluk Board with reference to the actuals of 1895–96.

14. *III. Medical, &c.*—The income under this head is due to the realization from the sale of medicines from the district board reserve stock, Rs. 400, and from the Yercaud hospital, Rs. 500. Rs. 200 are taken credit for under "Contributions from municipalities" as the Salem Municipality has agreed to bear the charge for house-rent of the Gosha Women's dispensary at Salem, and the Tiruppattúr Municipality has undertaken to bear one-fourth of the cost of maintaining a similar dispensary at Tiruppattúr, excluding the pay and allowances of the female Apothecary. The sum of Rs. 60 shown against "endowments" represents the assessment from the lands attached to the Royacottah dispensary. The estimated receipts under "Miscellaneous" are fixed at Rs. 50 with reference to the actuals of 1895–96.

15. *IV. Interest*—The sum of Rs. 2,070 expected from Government securities represents the interest due on (1) the sum of Rs. 5,500 invested on behalf of the local fund hospital at Hosúr, (2) on the Price vaccination fund of Rs. 10,700, and (3) on the surplus pagoda fund of Rs. 43,000. Rs. 320, shown as interest on arrears of land-cess, are fixed with reference to the revised estimate for the current year.

16. *V. Miscellaneous.*—The receipts under this head are estimated at Rs. 66,460 against Rs. 70,670 in the current year's budget. The principal variations are explained below:—

(*a*) *Contributions*—(3) *From Private Individuals.*—Rs. 1,350 are expected to be realized under this head against Rs. 1,200, the budget estimate for the current year. The small increase is due to enhanced subscriptions expected by the Tiruppattúr Taluk Board towards the cost of maintaining sanitary establishments.

(*c*) *Market-rents.*—The receipts under this head are fixed with reference to the revised estimate for the current year.

(*d*) *Ferry rents.*—The income from this source is fixed with reference to the revised estimate for the current year.

(*e*) *Bungalow fees.*—The increase of Rs. 100 as compared with the budget estimate of the current year is due to increased receipts expected by the Hosúr Taluk Board from some of the bungalows under its charge now repaired and furnished.

(*f*) *Fees and fines.*—The receipts under this head are fixed in reference to the revised estimate for the current year.

(*h*) *Fishery rents.*—This is also fixed with reference to the revised estimate for the current year.

(*j*) *Avenues.*—The receipts from this head are estimated at Rs. 30,230 against Rs. 34,860, the budget estimate for the current year. The decrease is due to the present estimate being fixed with reference to the results of the avenue tamarind sales held in the current year.

17. *VI. Public Works.*—The income from this source is estimated at Rs. 410 against Rs. 770 in the current year's budget. The Tiruppattúr Taluk Board resolved to postpone the construction of the bungalow at Vániyambádi to next year for want of funds and provided for the work in its budget, but it was struck out by the district board for want of funds. The credit taken by the taluk board under contribution from municipalities has therefore been omitted.

18. *VII. Contribution from Provincial Funds*—(*a*) *Education.*—The income under this head for the ensuing year is fixed at Rs. 8,500 against Rs. 8,930, the budget estimate for the current year. The decrease is due to short earnings expected by the Námakkal Taluk Board on the basis of actuals for 1895–96 and to the second assistant of the Námakkal high school not having passed the L.T. examination.

(*b*) *Public Works.*—Rupees 500 are expected to be realized under this head by the Námakkal Taluk Board on the Shendamangalam school building now under construction.

(*d*) *Choultries.*—The usual allowance of Rs. 1,750 from the Thoppur chattram fund for maintaining the chattrams at Thoppur, Suramangalam, Jolarpet and Morappúr is repeated. The choultry for Muhammadans and Pariahs at Tiruppattúr which was under construction during last year having been completed in the current year, it is proposed to maintain it from this source as it was constructed from the balance in favour of the above chattram fund.

19. *VII. Contributions from Special Funds.*—This is the amount anticipated from special funds, being one-fourth of the travelling allowance of the local audit clerk due to local funds under G.O., No. 494 L., dated 6th March 1893.

20. *IX. Allotments from the District Fund.*—To cover the short receipts of the taluk boards a sum of Rs. 59,650 is transferred to them as shown below:—

	Rs.
Salem Taluk Board	25,385
Námakkal do.	9,825
Hosúr do.	13,110
Tiruppattúr Taluk Board	11,330
Total ..	59,650

21. *Expenditure.*—The total expenditure under the several grants is estimated at Rs. 3,69,520 against the current year's revised estimate of Rs. 4,07,071 and the actuals of 1895–96, (Rs. 4,00,948), the decrease as compared with the revised estimate and the actuals being due chiefly to reduced provision made under Grant I, and also to miscellaneous debt heads now excluded.

22. *Grant I. Public Works*—(*a*) *New Works*—(i) *Communications.*—The provision of Rs. 3,020 under this head comprises the following items:—

	Rs.
(1) Widening the bridge near the toll-gate on the Salem-Suramangalam road	300
(2) Contsructing a feeder road from the Kadayampatti railway station to the Vadugampatti village	690
(3) Constructing a feeder road from the Kaveri railway station to the end of an existing road to the Pallipalayam village ..	250
(4) Diverting the Shulagiri-Berikai road	1,300
(5) Extending the parapet wall of the Bagalur bridge on the Hosúr-Malur road	480
Total ..	3,020

Estimates are ready for all the above works except items (1) and (3) for which they are now under preparation. Item (2) has been provided for at the special request

of the railway authorities. Provision for item (3) is made with reference to this office reply No. 187, Govt., dated 30th November 1896, to the endorsement of Government, No. 1289, Local and Municipal, dated 10th November 1896.

(ii) *Civil Buildings.*—Rs. 440 are allotted for the following works :—

	Rs.
(1) Constructing cholera shed in the compound of the Dharmapuri hospital	150
(2) Extending Laligam school	150
(3) Pápparappatti Pettai school	140
Total ..	440

The necessary estimates for the above works have been sanctioned.

(iii) *Miscellaneous Public Improvements.*—No provision is made for markets as estimates are not ready and the designs have not been approved of by the Sanitary Board. The endowment balance under markets will be utilized as estimates are sanctioned and approved of by the Sanitary Board. No sanitary works have been proposed for want of funds.

23. (*b*) *Repairs*—(i) *Communications.*—Rs. 1,31,720 are provided under this head against the allotment of Rs. 1,31,250 for the current year. It is proposed to take some market and other feeder roads on the maintenance list and to increase the grants for some roads as the existing provision for repairing each mile has been found to be inadequate. The particulars of these roads are noted in the last column of statement III-B. Rs. 7,980 are intended to be utilized from market funds for the maintenance of the following feeder roads :—

The total provision under Communications including allotments under New works is Rs. 1,34,740, or Rs. 3,060 below the minimum prescribed in G.O., No. 1404 L., dated 6th August 1896. This is due to want of funds, but every endeavour will be made to increase the expenditure under this head by subsequent allotments from the general balance.

24. (ii) *Civil Buildings.*—Rs. 800 are provided under this head against Rupees 4,950 in the current year. The necessary repairs to the buildings have been or will be executed in the current year, and no large provision is therefore considered necessary next year.

25. (iii) *Miscellaneous Public Improvements.*—Rs. 6,100 are assigned for the upkeep of avenues and Rs. 2,200 for repairs of market sheds, against Rs. 6,100 and Rs. 4,250, respectively, in the current year. The decrease under markets is due to not providing for repairs costing more than Rs. 200 for want of estimates.

26. (*c*) (iii) *Local Fund Engineering Establishment.*—Rs. 23,350 are allotted, as detailed below, against Rs. 22,710 provided in the current year's budget. The allotment for 1897–98 provides for the establishment as revised in G.O., Mis. No. 595 L., dated 26th March 1896, and for the entertainment of an additional accountant on Rs. 15 as a temporary measure for one year. The Engineer says that this addition is absolutely necessary, as the present establishment is quite unable to cope with the extra work entailed by the introduction of the system of departmental agency for spreading and other petty works. The departmental agency for spreading was introduced in 1895–96 and the marginally-noted figures will show that the account work of the Engineer's office has materially increased by the large number of nominal rolls and imprest accounts that have to be checked. I therefore request that Government will be pleased to sanction the proposed addition. The Engineer's further proposals (1) to employ an attender on Rs. 7, (2) to increase the pay of the muchi from Rs. 8 to Rs. 10, and (3) to increase the pay of one of his lascars from Rs. 7 to Rs. 8 and to designate him head lascar, are not adopted as they are unnecessary.

The above provision includes the increments due to the District Board Engineer and his two supervisors and the personal allowance sanctioned to Sankaram Pillai, overseer's clerk, Dharmapuri, in G.O., Mis. No. 1150 L., dated 21st June 1894.

27. (*d*) *Tools and Plant.*—Rupees 1,000 are provided under this head against Rs. 1,500 budgeted for the current year. A large number of tools having been purchased in the current year the provision for the next year is reduced by Rs. 500.

28. (*e*) *Contingencies.*—A sum of Rs. 7,880 is provided under this head against an allotment of Rs. 7,610 in the current year. The increase is due to the enhanced provision for postage as the present provision is found inadequate to meet the actual requirements. The following are the details under this head :—

	RS.
Travelling allowance to the Engineer	1,600
,, ,, ,, supervisors	1,600
,, ,, ,, overseers at Rs. 15 a month	1,800
,, ,, ,, clerks and servants	600
Total ..	5,600

Contingencies.

Printing	500
Advertisement charges	50
Conveyance of office records	70
Furniture	50
Sundries	270
Total ..	2,280
Grand total ..	7,880

The provision under "Sundries" includes the cost of purchasing the following books :—

(1) Account Code with correction slips.
(2) Civil Service Regulations with correction slips.
(3) Ready Reckoner.
(4) Local Fund Public Works Code and the Local Fund account and audit rules.
(5) The Salem District Manual.

29. The total allotment for establishment and contingencies amounts to Rs. 31,230 or 21·6 per cent. of the proposed outlay on works (Rs. 1,44,280) against the maximum of 20 per cent. prescribed by Government. The establishment cost will be kept within the prescribed limit by subsequent allotments in the course of the year for incomplete works, &c., from the general and endowment balances.

30. The total provision under Grant I amounts to Rs. 1,76,640 and is 48·6 per cent. of the estimated receipts for the current year.

31. *Grant II—Education—(a) Inspection.*—Rupees 4,850 are provided under this head against Rs. 4,950 in the current year's budget. The decrease is due to the reduced provision made under travelling allowance at the suggestion of the Assistant Inspector of Schools. The following are the details for the provision under this head :—

	RS.
Pay of two inspecting schoolmasters on Rs. 35 each	840
Pay of six ,, ,, on Rs. 30 each	2,160
Pay of two ,, ,, on Rs. 25 each	600
Fixed travelling allowance of the Muhammadan inspecting schoolmaster at Rs. 15 per mensem	180
Travelling allowance of the other inspecting schoolmasters ..	720
Contingencies	300
Furniture	50
Total ..	4,850

From the provision under contingencies it is proposed to purchase ten copies of the revised Educational rules and ten copies of the Grant-in-aid Code for 1897–98. The proposals of the Educational officers to grade the pay of the inspecting schoolmasters and to divide the Salem and Námakkal taluks, which are at present in charge of two inspecting schoolmasters into three ranges and to place them in charge of three inspecting schoolmasters, are not adopted for want of funds.

32. (*c*) *Sessional schools.*—A sum of Rs. 1,200 is provided, as in the current year for maintaining a school throughout the year as detailed below :—

	RS.
Pay of a master on Rs. 20 for one year	240
Stipends for sixty students at Rs. 5 each per mensem tenable for three months	900
Rent and miscellaneous charges	60
Total ..	1,200

The suggestion to increase the number of sessional schools contained in paragraph 4 (2) of G.O., No. 1544 L., dated 26th August 1896, has not been taken up for want of funds. The Government will see that the percentage of expenditure on education is very high as it is.

As usual a provision of Rs. 190 is made for sending two Muhammadan students for training in Madras.

33. (*d*) *Secondary schools*—(1) *Salary system.*—Rupees 13,240 are provided under this head against Rs. 13,180 in the current year. The slight increase is due to the last increments * of the 1st, 2nd, and 3rd assistants of the Dharmapuri Lower Secondary school which fell due in 1894–95 and have been paid from that year, having been now provided for owing to their omission in the budgets for 1895–96 and 1896–97 and to the increased provision of Rs. 30 made by the Salem Taluk Board under contingencies.

The Taluk Board President, Salem, reports that the Rásipuram school placed on the salary system as a tentative measure in the current year, may be allowed to continue as the school shows improvement both in attendance and income.

The proposals of the Educational officers to raise the pay of the Headmaster of the Hosúr Lower Secondary school from Rs. 45 to 50, to increase the pay of the last teacher of the Rásipuram school by one rupee, to increase the pay of the Headmaster and the fourth and fifth assistants of the Námakkal High school and to appoint a drawing master on Rs. 25 per mensem for the last named school are reported by the respective taluk board Presidents to have not been adopted for want of funds.

34. (*ii*) *Salary Result system.*—Rupees 2,840 are provided under this head against Rs. 2,010 in the current year's budget. The Muhammadan Upper Primary school at Atur is raised to the secondary grade at a total cost of Rs. 830 in reference to the endorsement of Government, No. 1270, Local and Municipal Department, dated 5th November 1896. The receipts and charges of the school are shown in statement IV and the average attendance for the last three years is noted in the margin. Sanction is solicited for the scale of establishment.

The proposal of the Educational officers to place the Shendamangalam and Denkanikota schools on the salary system with a revision in the scale of the existing establishments have not been adopted by the respective taluk boards for want of funds.

35. (*e*) *Elementary schools*—(1) *Salary system.*—Rupees 920 are provided under this head as in the current year.

36. (ii) *Salary Result system.*—The total provision under this head is Rs. 39,890 against Rs. 42,950 in the current year's budget. The difference is due to the following.

Salem Taluk Board.—The proposals of the Salem Taluk Board to continue the Hindustani school at the Pension lines, Salem taluk, and the Malayali school at Salankurchi on the Periakalroyan Hills, Atur taluk, and to convert the aided girls' school at Atur into a board school are accepted. The Inspectress of Girls' Schools has recommended very strongly that the Atur Girls' school which has been maintained for a long time by the local Muhammadan community should now be taken up by the taluk board and states that if its management be not taken up by the board immediately it will decline. The proposal of the same board to revise the scales of (1) Namagiripet, (2) Jadirpoliem, (3) Muthunaikenpatti, (4) Kurichi, (5) Narasingapuram and (6) Pethinaikenpoliem schools at an increased total cost of Rs. 192 per annum is not accepted for want of funds. The proposal to continue the revised scales of (1) Narasingapuram, (2) Naduvalur, (3) Aragalur and (4) Gungavalli schools adopted in the current year without any additional cost is approved.

Námakkal Taluk Board.—The proposal of the taluk board, at the instance of the Educational officers, to revise the scales of some of the schools as shown below at an increased cost of Rs. 252 counterbalanced by corresponding savings effected by closing some other schools, as also the transfer of Nathamedu Pariah school to Emapalli Kailasampalaiyam is accepted :—

Hosúr Taluk Board.—The school at Andevanapalli has been transferred to Jowlagiri in the Hosúr taluk on account of its poor strength and the school at Maharajagadai has been transferred to Barúr in the Krishnagiri taluk for the same reason. At the instance of the Educational officers the establishments attached to the (1) Hosúr, (2) Kilamangalam, (3) Denkanikota (Hindustani) and (4) Mallapadi schools are revised and two separate Hindustani schools are opened at Kelamangalam and Burgur without any extra cost by closing the schools at (1) Pethabalagondapalli, (2) Hanumanthapuram and (3) Pannapalli on account of their poor strength. The proposal of the taluk board to revise the scales of (1) Mathagiri, (2) Bagalur and (3) Krishnagiri schools at an increased cost of Rs. 360 has not been adopted for want of funds and on account of the high percentage of expenditure on education as it is.

Tiruppattúr Taluk Board.—The school at Chillanahalli has been closed on account of its poor strength and the establishments attached to the Madavalam and Vellakuttai schools have been revised as recommended by the Educational officers. The revision shows a decrease of Rs. 36. The marginally-noted schools have been transferred at the instance of the educational authorities to the places noted against them on account of their poor attendance.

Results.—Rupees 5,630 are provided under this head against Rs. 8,960 in the current year's budget. The decrease is due to the reduced provision made at 60 per cent. of the maximum rates for all the taluk boards.

Clerks and Servants.—The decrease of Rs. 50 as compared with the current year's budget is due to the transfer of the upper primary Hindustani school at Atúr to the lower secondary grade on the salary result system.

37. (*f*) *Grant-in-aid.*—The current year's provision is repeated. The maximum rates will be allowed for all lower primary schools.

38. (*h*) *Miscellaneous.*—The provision for the purchase of books has been reduced from Rs. 1,000 to Rs. 500 as a large number of books has been recently purchased.

A provision of Rs. 50 is made for commission on the sale of books at 10 per cent. on the amount expected as receipts under this head as the custody and sale of books were transferred to the inspecting schoolmasters at the beginning of the current year. The proposal of the Educational officers to allow 15 per cent. commission has not been adopted as unnecessary.

39. The total estimate under Grant II is Rs. 71,040 and is 19·5 per cent. of the estimated receipts of the year.

40. *Grant III, Medical Services—Vaccination and Sanitation—(a) Hospitals and Dispensaries*—(ii) *Medical Subordinates.*—Rupees 20,020 are provided under this head against Rs. 18,370 entered in the current year's budget. The increase is due to the following causes :—

	RS.
(1) Charge allowance of Rs. 25 per mensem for each of the lady apothecaries in charge of the Salem and Tiruppattúr Gosha dispensaries	600
(2) Enhanced provision on account of the Military Assistant Surgeon posted to Yercaud instead of a first-class civil apothecary ..	192
(3) Increment to the first-class civil apothecary at Krishnagiri from 1st July 1897	198
(4) Increment to the second-class hospital assistant at Pennagaram from 1st July 1897	79
(5) Enhanced provision for the first-class hospital assistant at Palakodu instead of a second-class hospital assistant	210
(6) Provision for the second-class hospital assistant for the Royacottah dispensary proposed to be closed and subsequently retained as suggested by the Surgeon-General	473
(7) Saving on account of a third-class hospital assistant posted to Thalli dispensary instead of a second-class hospital assistant ..	— 104
Total ..	1,648 or 1,650

The dispensary at Velur proposed in place of the Royacottah dispensary was not opened in the current year, though provision was made, as the district board subsequently resolved to retain the dispensary at Royacottah as suggested by the Surgeon-General—*Vide* correspondence ending with G.Os., Mis. No. 950 L., dated 23rd May 1896 and Mis. No. 1790 L., dated 30th September 1896. The Námakkal Taluk Board considers the opening of a dispensary at Velur, which is particularly unhealthy, as necessary. I request that Government will be pleased to sanction it.

The proposal of the Salem Taluk Board to convert the Rásipuram dispensary into a hospital and to open a fresh dispensary at Yethapur has not been adopted for want of funds.

(iii) *Clerks and Servants.*—Rupees 3,640 are provided against Rs. 3,340 in the current year.

It is proposed (1) to continue the compounder on Rs. 9 entertained from 1st April 1896 in the Atur hospital, (2) to reduce the pay of the Rásipuram dispensary compounder from Rs. 10 to Rs. 9, (3) to entertain a compounder on Rs. 9 in the Námakkal hospital, and (4) to reduce the pay of the warder attached to the Tiruchengódu hospital from Rs. 6 to Rs. 5.

(iv) *Diet of Patients.*—The decrease of Rs. 100 is due to the gosha women's dispensary not being converted into a hospital as proposed in the current year's budget.

(v) *and* (vi) *Medicines and Surgical Instruments—Supplies.*—The difference under these heads is due to the fact that the medicines, &c., purchased from Messrs. Burgoyne Burbidges & Co. are now in accordance with the instructions given by the Accountant-General, charged to "Medicines and Surgical instruments" instead of to "Supplies."

Increased provision for medicines for some of the institutions has been made as recommended by the District Medical and Sanitary officer.

(vii) *Midwives and Midwifery Pupils.*—The current year's figure is repeated.

(ix) *Training of Compounders.*—A provision of Rs. 150 is made at the instance of the District Medical and Sanitary officer for training two compounders with a monthly stipend of Rs. 6 each.

(x) *District Medical and Sanitary Officer's Establishment, &c.*—Rupees 930 are provided under this head as in the current year.

(xii) *House-rent to Hospital Assistants.*—The increase is due to the provision of Rs. 24 on account of the Royacottah hospital assistant and to an enhanced provision of Rs. 12 for the Palacodu hospital assistant.

Free quarters have been provided for the Yercaud hospital assistant, and the others are given house-rent in lieu of free quarters. The question of constructing quarters for the other hospital assistants in the district has been postponed for want of funds.

(xiii) *and* (xiv) *Contingencies and Miscellaneous.*—The increased provision under this head is made on the basis of the actuals for 1895–96. This includes the cost of purchasing the following books and periodicals :—

42. (*c*) *Sanitation.*—Rs. 31,350 are provided under this head against Rs. 32,140 in the current year, the decrease under (1) improvement of village-site, (2) scavenger-ing establishment, (3) arrangements at fairs and festivals and (4) other sanitary outlay being partly counterbalanced by an increase under improvement of water-supply. The proposal of the Salem Taluk Board to continue the sanitary establish-ment entertained temporarily for Attiyampatte in 1895–96 under sanction conveyed in G.O., Mis. No. 804 L., dated 2nd May 1896, during the current and ensuing years also, is accepted. The Hosúr Taluk Board proposes to continue the temporary sanitary establishment entertained by it during the current year for Shulagiri at a cost of Rs. 414, but it has not been adopted for want of funds.

43. (*d*) *Contributions to*—(*i*) *Provincial Services.*—The actuals of 1895–96 under sanitary inspection and reserve medical staff have been adopted for 1897–98.

(iii) *Municipalities.*—As in the current year, Rs. 1,200 are provided for pay-ment from the district fund to the Salem Municipality—Rs. 1,100 towards the cost of maintaining hospitals and Rs. 100 for the lying-in-ward. Rs. 1,000 provided under taluk funds represent the usual contribution payable to the Tiruppatúr and Vániyam-bádi Municipalities by the taluk board towards the upkeep of the hospitals maintained by them.

44. The total provision under Grant III amounts to Rs. 84,630 and is 23·3 per cent. of the estimated receipts of the year.

45. *Grant IV, Public and Charitable Institutions*—(*a*) *Markets.*—The increase under this head is due to the provision made for contingencies by the Tiruppattúr Taluk Board for some of the markets under its charge.

46. (*b*) *Choultries.*—It is proposed to continue the services of a watcher on Rs. 4 and a sweeper on Rs. 1–8–0 entertained in the current year for the newly-completed chattram at Tiruppattúr for Muhammadans and Pariahs referred to in para-graph 18 (*d*) *supra*.

47. (*c*) *Public Bungalows.*—The decrease under this head is due to the services of the sweeper attached to the Hosúr bungalow having been dispensed with in the current year. The proposal of the Salem Taluk Board to entertain watchers on Rs. 4 for all the bungalows in its charge, instead of the existing superintendents and sweepers, at an increased cost of Rs. 210 has not been adopted for want of funds.

48. (*d*) *Contributions to*—(ii) *Other District Boards.*—As in the current year, Rs. 30 are provided for payment to the Coimbatore District Board towards the cost of light-ing the Cauvery bridge at Komarapalayam.

(iii) *Municipalities.*—In addition to the usual contribution of Rs. 200 due to the Salem Municipality on account of the poor-house, a provision of Rs. 5,000 is made towards the cost of constructing the Jubilee market in reference to G.O., Mis. No. 173 M., dated 25th February 1887, as the Salem Municipal Council is now making arrangements for starting the work in the current year, if possible.

49. (*e*) *Miscellaneous*—(iii) *Lighting Charges.*—Rs. 2,060 are provided under this head against Rs. 2,420 in the current year's budget. The decrease is due to reducing the usual provision for the unions under the Hosúr Taluk Board by one-half in reference to the expenditure incurred by the unions under other taluk boards. The proposal of the Námakkal Taluk Board to allow the usual allotment *plus* the additional

allotment sanctioned by Government as a special case in the current year in G.O., Mis. No. 1791 L., dated 30th September 1896, has not been adopted as unnecessary, and the provision of Rs. 1,800 made by that taluk board has therefore been reduced to Rs. 900 by allowing proportionately reduced sums for the several unions including the towns of Paramathy and Sankaridrug, where lights are put up in the current year. Rs. 50 provided by the Salem Taluk Board for putting up new lights in the Omalúr union have been struck out with reference to the Government order quoted above.

(iv) *Miscellaneous.*—Rs. 50 provided under this head are intended to be spent on water-pandals during the hot weather at places to be determined by the Salem and Hosúr Taluk Boards.

50. The total provision under Grant IV amounts to Rs. 10,110 and is 2·8 per cent. of the estimated receipts of the year.

51. *Grant V, Supervision and Management*—(*a*) (i) *Controlling Establishment at the Presidency.*—Intimation from the Accountant-General as to the percentage at which the provision under this head is to be made not having been received, the current year's figure is repeated.

(ii) *Printing work done at the Government Press.*—Rs. 920 are provided under this head with reference to the actuals of 1895–96.

52. (*b*) *Establishment in the Collector's Office*—(i) *Audit.*—It is proposed to enter-tain an additional audit clerk on Rs. 35 for reasons given below :—

According to paragraph 8 of the memorandum of the Inspector of Local Fund Accounts printed in G.O., No. 1289 L., dated 31st May 1892, the audit clerk should once at least every year inspect the special fund accounts and the accounts of the taluk boards and unions.

There are in this district 9 special fund taluks (excluding Yercaud and Para-mathy where also there are some special fund accounts), 4 taluk boards and 32 unions. To inspect all these, the audit clerk will require a great deal more than a year's time as shown below :—

	Days.
Work at head-quarters at fourteen days a month	168
Travelling from and to head-quarters at four days a month	48
Nine special fund taluks at four days each	36
Special Fund accounts at Yercaud and irrigation cess-fund accounts at Paramathy at three days each	6
Four taluk boards at four days each	16
Thirty-two unions at four days each including travelling from one union to another	128
Total ..	402
Add holidays about ..	74
Grand Total ..	476

The order is thus impracticable, though the inspection therein suggested is indispensable.

The matter was referred to the Accountant-General and he is convinced of the necessity for an additional hand, but says he will be prepared to recommend the appointment of an additional clerk on only Rs. 20 as in the case of one or two other districts.

What is wanted is not mere strengthening of the audit establishment, but the strengthening of it by the addition of a clerk of a higher status than the present clerks, so that he may be required to conduct the senior audit clerk's audit work in the head-quarter office or the inspection of the union, &c., accounts.

My Treasury Deputy Collector thinks that neither the supervision of the audit work in the head-quarter office nor the inspection of the union, &c., accounts should be entrusted to such low-paid clerks, and I quite agree with him and request that Government will be pleased to sanction the entertainment of a clerk on Rs. 35 for which the necessary provision is made.

(ii) *Accounts.*— Rs. 220 are provided in excess of the current year's figure as the charges on account of stationery and postage have, under recent orders, to be met from local funds.

53. (*c*) *Local Boards' Offices*—(i) *Establishments.*—The increase under this head includes the provision for (1) an additional clerk on Rs. 15 to the District Board's office, (2) a third clerk on Rs. 10 for the Salem Taluk Board's office and (3) a sweeper on Rs. 3 for the Hosúr Taluk Board's office.

The present establishment of the District Board's office consists of—

	RS.	RS.
One head clerk on	63	+7
One second clerk on	31½	+3½
One third clerk on	22½	+2½
One fourth clerk on	13½	+1½
One attender on	10	
One peon on	8	
One peon on	7	
Total ..	170	

From the marginally-noted particulars, it will be observed that since the fourth clerk on Rs. 15 was sanctioned in G.O., No. 815-L.F., dated 16th July 1886, the work has steadily increased. Moreover, the records of the office are in confusion and require sorting and arrangement. The district board has therefore approved of the addition of a clerk on Rs. 15 as a temporary measure for one year. It is to be noted that in point of work, this district is not inferior to Nellore, North Arcot or Tinnevelly where six clerks are allowed. I request the sanction of Government for the entertainment of the additional clerk.

The Salem Taluk Board office is the heaviest of all the taluk board offices in the district, and the Taluk Board President says that an additional clerk on Rs. 10 at least is indispensable.

The Hosúr Taluk Board has employed a sweeper on Rs. 3 and has been paying him from contingencies from last year. The audit office having taken objection to this procedure, it is proposed to bring him on the establishment list and to treat the charge as a fixed one.

Provision for them not having been made in the current year's budget by mistake, the formal sanction of Government is now solicited.

55. The total provision under Grant V amounts to Rs. 27,100 and is 7·4 per cent. of the estimated receipts of the year.

56. *Balance.*—Deducting Rs. 3,69,520, the estimated total charges under the several grants, from Rs. 4,21,080, the estimated total assets of the year, a balance of Rs. 51,560 is left, of which Rs. 27,330 appertain to the union and endowment funds. The amount available for general purposes is thus reduced to Rs. 24,230 as detailed in the margin, which is 7 per cent. of the receipts excluding opening balance and endowment receipts.

I have the honour to submit the following remarks on the educational portion of the budget estimate of the Salem District Board for 1897–98 :—

2. *Receipts.*—Credit is taken for a building grant of Rs. 500 towards the cost of the Shendamangalam school building reported to be under construction ; but no corresponding provision appears to have been made under Grant 1 (Public works).

3. *Charges.*—(i) If none of the present masters are able to teach the subject, the appointment of a drawing master on Rs. 20 a month in the board high school, Námakkal, is necessary, now that drawing is a compulsory subject of instruction in all upper secondary forms. Subject to the above remark, the allotments provided under the several budget heads are sufficient and may be accepted.

(ii) The net expenditure under Grant 2, excluding the building grant for which credit is taken, is Rs. 40,840 (71,040 — 30,200), which is over 21 per cent. of the estimated income from land-cess.

From Surgeon-Lieutenant-Colonel W. G. KING, M.B., C.M., D.P.H., Sanitary Commissioner for Madras, to the Secretary to Government, Local and Municipal Department, dated Camp Malliyala, 26th January 1897, No. 259-S.

Referring to the Salem District Board budget for 1897–98, I have the honour to state that the allotments therein provided for vaccination and sanitation need no special comment from me. The proposed expenditure on the latter object is about 8·6 per cent. of the estimated receipts.

2. No extract from Statement III has been forwarded to me. I am therefore unable to see whether any sanitary works are budgeted for execution under Grant 1.

From the Educational Department, dated 22nd October 1896, No. 655.

REVISED ESTIMATE FOR 1896-97.

2. The current receipts and charges are now estimated at Rs. 3,64,381 and Rs. 4,07,071, respectively, against Rs. 3,69,460 and Rs. 3,91,800 in the sanctioned budget. The decrease in the receipts occurs chiefly under land-cess and avenues, being partly counterbalanced by increases under tolls, house-tax and miscellaneous debt accounts. The increase in the charges appears under all the grants and miscellaneous debt accounts. The additions to, and alterations in, the establishments referred to in paragraph 8 of the President's letter are sanctioned. The provision for contribution to Provincial funds on account of the controlling establishments at the Presidency will be raised from Rs. 2,390 to Rs. 2,970, with reference to paragraph 1 of G.O., No. 2391 L., dated 17th December 1896. The balance to be carried forward to the ensuing year's budget will then be Rs. 30,970 under the District fund and Rs. 25,810 under Taluk funds.

BUDGET ESTIMATE FOR 1897-98.

3. The receipts for the ensuing year are estimated at Rs. 3,63,720 against Rs. 3,64,381 in the revised estimate, the increase, which appears under land-cess, being more than counterbalanced by decreases under tolls, house-tax and miscellaneous debt accounts.

4. *Charges.*—(1) The charges are placed at Rs. 3,69,520 against Rs. 4,07,651 in the revised estimate. The decrease appears chiefly under Grants 1 and 2 and miscellaneous debt accounts, and is partly counterbalanced by an increase under Grant 4. The President is requested to explain the omission referred to by the Director of Public Instruction in paragraph 2 of his letter read above.

(2) *Grant 1.*—The allotment for communications is slightly less than the minimum prescribed in G.O., No. 1686 L., dated 14th September 1895, and the cost of the Local Fund Engineering establishment is a little more than the maximum

prescribed in the Local Fund rules. A promise is, however, given that these defects will be rectified by the provision of additional funds for roads, &c., in the course of the year. The proposed entertainment of an additional accountant on Rs. 15 in the Local Fund Engineer's office temporarily for one year is sanctioned. The provision for contribution to the Public Works Department for the scrutiny of Local Fund plans and estimates will be raised from Rs. 120 to Rs. 130, with reference to G.O., No. 40 L., dated 8th January 1897.

(3) *Grant 2.*—The proposal to raise the Muhammadan upper primary school at Atur to the secondary grade is approved, and the additions to, and alterations in, the educational establishments proposed in paragraph 36 of the President's letter are sanctioned. The Director's suggestion in paragraph 3 (i) of his letter will be referred to the Taluk Board for consideration. The net expenditure on education is still high, being more than 21 per cent. of the estimated income from land-cess. The President is therefore requested to submit, without further delay, which should be explained, the report called for in paragraph 4 (3) of G.O., No. 248 L., dated 6th February 1896.

(4) *Grant 3.*—The proposed opening of a dispensary at Velur must be disallowed for want of funds. The additions to, and alterations in, the medical establishments, proposed in paragraph 40 of the President's letter, are sanctioned. With reference to the Surgeon-General's suggestion in paragraph 1 of his letter read above, it is observed that a provision of Rs. 1,510 has already been made for the pay of the civil apothecary attached to the Krishnagiri hospital (*vide* column 10 of Statement V appended to the budget). The retention during the current and ensuing years of the sanitary establishment referred to in paragraph 42 is approved. The President's attention will be drawn to the omission noticed by the Sanitary Commissioner in paragraph 2 of his letter read above.

(5) *Grant 4.*—The continuance of the choultry establishment referred to in paragraph 46 is approved.

(6) *Grant 5.*—The allotment for controlling establishments at the Presidency will be raised from Rs. 2,390 to Rs. 3,690, with reference to paragraph 1 of G.O., No. 2391 L., dated 17th December 1896. The District Board's proposal to entertain an additional audit clerk is sanctioned, but a pay of Rs. 25 will, the Government considers, be sufficient. The additions to the office establishments referred to in paragraph 53 are sanctioned, and the purchase of the copies of the Grant-in-aid Code referred to in paragraph 54 is approved.

5. *Balance.*—The budget, as revised by Government, closes with a balance of Rs. 51,340, of which Rs. 8,640 appertain to unions and Rs. 18,690 to endowments, leaving Rs. 24,010, or 8 per cent. of the receipts, available for general purposes.

ADDRESS FROM THE SALEM MUHAMMADAN EDUCATIONAL ASSOCIATION,

Presented to His Excellency the Governor at 12 noon on the 24th July 1896 in the Town Hall.

MAY IT PLEASE YOUR EXCELLENCY,—We, the members of the community which, to quote Your Excellency's words, "is the most loyal Her Majesty the Queen rules over," and constituting the *Salem Muhammadan Educational Association*, beg most respectfully and cordially to welcome Your Excellency, the worthy representative in this Presidency of our Most Gracious Queen-Empress.

2. Our district is pre-eminently of educational importance to our community. As observed by the Honourable Dr. Duncan, our esteemed Director of Public Instruction, at the inaugural meeting of this

Instruction will in future be supplied to the Association; it will also be supplied with such previous reports as are available.

3. The question of raising of the Standard of the Atur Madrasa-i-Azam will be considered in the Local and Municipal department.

association held in October last, it ranks *first* in the presidency in point of Muhammadan male education. We therefore hope that our humble efforts, which are only calculated to maintain its rank and prestige, will meet with warm support at the hands of a talented statesman and benevolent ruler like Your Excellency.

3. The Mussulman population of this district is 61,500. Education lies at the root of its welfare. Progress in education is however retarded here, as everywhere else, so far as Muhammadans are concerned, by poverty as well as the absence of a machinery to provide means of elementary instruction in the neglected parts of the district, to concentrate and accommodate, by means of boarding and lodging, pupils of the less educated tracts seeking instruction more advanced than the elementary, and, above all, to watch, scrutinise and communicate to the parents of such pupils the state of their studies in schools. To supply these wants this association was started last year under the kind patronage of our late esteemed Collector Mr. G. Stokes, I.C.S., and conducted under the able guidance of our late Head-quarters Deputy Collector Muhammad Azizuddin Husain Sahib Bahadur. To these gentlemen the association owes substantial support in the shape of money and advice. They having now left the district, their successors in office, Mr. C. H. Mounsey, I.C.S., our esteemed Acting Collector, and S. M. V. Oosman Sahib Bahadur, B.A., B.L., our

present Head-quarters Deputy Collector, have, with equal kindness, now extended to us their warm support.

4. Within the few months of its existence, the association has been able—

(1) partly through its recommendation, supported by the Salem Municipality, and accepted by Government in G.O., No. 537-M., dated 25th March 1896, Local and Municipal Department, paragraph 4, sub-paragraph 3, to secure sanction for the raising of the Jubilee Primary Muhammadan School to the Lower Secondary Standard, and

(2) to found a scholarship styled *The Gabriel Stokes' Muhammadan Scholarship of Salem*, of the value of Rs. 5 a month, to enable once in two years by any poor and deserving Muhammadan lad who, passing the Matriculation examination from this district, prosecutes his studies for the F.A. examination at either of the two great colleges at Madras. The scholarship has been this year awarded to one Muhammad Ibrahim, the only Muhammadan lad who passed the recent Matriculation examination from this district, and he has joined the Madras Christian College. Books have been supplied to him at the cost of the association and arrangements made for his boarding and lodging at Madras.

5. The Director of Public Instruction was, at the inaugural meeting of the association, pleased to assure it of his kind sympathy and support; and if Your Excellency be also pleased to be as favourably disposed towards it, the association ventures to make of Your Excellency the following requests, of which space forbids a detailed treatment herein:—

(1) That Government may be pleased to reconsider G.O., No. 248 L., dated 6th February 1896, Local and Municipal Department, paragraph 3, sub-paragraph 3, in which the recommendation of the association to raise the Atur Madrasa-i-Aziza to the Lower Secondary Standard, though supported by our present esteemed District Board President, was, we regret to state, negatived by our Government. It is a well-managed institution, and has been personally inspected by that officer. It is the most thriving Muhammadan institution in the district. It has stood its ground for twelve years, has been producing good results, and is in every way worthy of advancement. A branch of this association has the care of it at Atur, and will be highly encouraged in its exertions if this request meets with your compliance.

(2) That a copy of the Annual Public Instruction Reports to date, and of those to be published in future years, may be ordered to be supplied to this association to enable it to study the subject of Muhammadan education from facts and figures and to prepare a memorandum on the progress of Muhammadan education during the last forty years,

which the association has resolved to compile for public utility. In making this request, the association begs to assure Your Excellency that it has among its members gentlemen competent for the task.

(3) That Your Excellency may be pleased to have an investigation made of the question whether, as in the case of school fees, so in the case of examination fees, only half rates may not be collected from Muhammadan students, whose poverty is well known, thus giving them great relief with trifling loss to the State or the University, as the number of Muhammadan students is proportionately very small.

(4) That a similar investigation be ordered of the question whether it is not possible to provide Hindustani munshis in some at least of the mofussil high schools and colleges, which have not been so provided, without much hardship to the funds at the disposal of the Educational Department. This will materially aid in multiplying the number of Muhammadan students in schools and will stimulate their parents to send them to school.

6. Should Your Excellency be pleased to accord a favourable consideration to the above requests, the association will feel highly encouraged in its labour of love.

7. In conclusion this association fervently prays that Your Excellency and Lady Havelock may enjoy uninterrupted and unalloyed happiness and prosperity.

HIS EXCELLENCY THE GOVERNOR'S REPLY.

MEMBERS OF THE MUHAMMADAN EDUCATIONAL ASSOCIATION,—I beg to offer you my sincere thanks for the cordial welcome given me. I take this opportunity of repeating what I have already said before in Madras, that among Her Majesty's subjects there are none more loyal than the Muhammadans. I agree as to the pre-eminent interest of Muhammadan education in this district. It is in your community especially that education is of such importance. I have listened with pleasure to your address. Your object is excellent and deserving of every support and encouragement which Government can give. I congratulate your association on the work you have already achieved. In the following paragraph of your address you make a request of Government that it may be pleased to reconsider the Government Order refusing to raise the Atur school to the secondary standard. I have to say there was no specific claim put forward. At the time when the order was issued for the admission to the secondary standard of that school, and as secondary schools were then very costly, it was not deemed expedient to grant the request. If your association can show good cause, and if your application is again supported by the President of the District Board, the Government will be glad to reconsider the subject. With regard to the report of the Director of Public Instruction, I think there will be no difficulty whatever in complying with your request, but as regards future

reports, I believe there will be a little difficulty in complying with it, but I will endeavour to get over it. The request seems to be a very reasonable one. With reference to half rates, in reply I have to say the Government cannot interfere with the examination fees of the University, which is in no way under the control of the Government. As to examinations under the Committee for Government examinations, the fees, I believe, are not extravagant, and there is not much real ground for reducing them in the case of Muhammadans. I will, however, cause a fresh enquiry to be made in regard to Hindustani munshis. The subject, as far as the Government is aware, has never been brought up before. It is not a great expenditure. If the Muhammadan Educational Society will address Government, full consideration will be given to it. I again express my sympathy with the association, and I beg to thank you for your very kind wishes for me and Lady Havelock.
