Plague
No 1314

Municipal Office, Quinter

Dated 23rd March 1898

LOCAL & MUNICIPAL DEPT.
CURRENT

From

MR R. P. Venkatakrisnamayya naidu J. A.
Chairman, Municipal Council,
Quinter.

To

The Secretary to Government,
Local and Municipal Department
Madras

Sir,

With reference to the remark of the Government
in its order No 152-P dated 7th March 1898, to the effect that
I should take steps to maintain the inspection of persons arriving
from infected localities, I have the honor to submit that the
inspection of passengers arriving at this station from the plague
affected parts was stopped for a short time in consideration
of the thorough examinations to which they were being subjected
at the observation camps established at Quinterah on one side
and at Kondapalle on the other side, and on the supposition
that in consequence there would hardly be any chance of
any sick or infected person reaching this place without being
noticed by the medical officers on plague duty at these stations,
and special inspection was deemed all the more unnecessary
as I had been regularly receiving information from the
medical officers concerned to take the necessary steps.

Whenever

Whenever such information is received, the Municipal Sewak deputed for this work is directed to proceed to the Railway station and thence take the person or persons direct to the Civil Surgeon for his orders and they are kept under observation as long as he deems it advisable.

2. But when information to this effect was given to the Sanitary Commissioner, he advised me to have inspection of passengers maintained at this station also as it would be an additional precautionary step against any evasion. Accordingly, I have arranged to have the inspection carried on here by one of the Hospital Assistants attached to the Civil Hospital, and this has been going on since 13-2-98

3. To guard against any arrivals by traffic routes connected with the frontiers of the Nizam's Dominions, watchers have been appointed with instructions to report all persons entering the Municipality who have any suspicious symptoms of plague. The toll-gate keepers have also been given strict orders to render all help. This has been in continuance from 15-11-97

4. Since the beginning of ^{official} current year, arrangements have been maintained to daily get lists of all goods arriving at this station from the plague-affected parts, and all consignments of second-hand gunny bags, waste paper, wrappers and all other articles susceptible of carrying infection were being destroyed in accordance with instructions embodied in G.O. No 449 M dated 2nd April 1897; but quite recently action is stopped in the case of second-hand gunny bags as they are removed from the list of articles required to be destroyed (Vide notification in the Fort St. George Gazette dated 15th March/98)

5. These are the arrangements that are being observed at present.

I have the honor to be,
Sir,

Your most obedient servant

M. K. Kalakrishna Swamy,
24/3/98
Chairman
