Letter No. 300 of 20. 10. 98
NOTE FOR THE

To Agent & Manager
Madras Rail

Si

I am to inform you that it
has been reported to me that in
it goods shed at Madras
Station on the Bangalore Branch
Madras Railway, dead
rats have been found. It
is much probable that these rats
have died of plague & according
to plague expert authority
nothing is so likely just now to
spread plague as the rats.
They carry the disease from
house to house. I shall
keep it a secret from you
until I hear directly from the
authorities who keep at all times
station near rats & try to get
as many killed as possible.
I may mention that when I
mentioned the existence of these
rats to Mr. Muller to an officer
who has seen a great deal
