GAZETTE NOTIFICATION.

The 16th March 1898.

No. 379.—*Notification.*—In exercise of the powers conferred by the Notification of the Government of India, No. 302, dated 4th February 1897, the Hon'ble the Lieutenant-Governor, being satisfied that the Nawashahr Tahsil of the Jullundur District and the Garhshankar Tahsil of the Hoshiarpur District are visited with an outbreak of a dangerous epidemic, namely bubonic plague, and that the ordinary provisions of the law are insufficient for the purpose of preventing the spread of that epidemic, is pleased to prescribe the following temporary Regulations under sub-section (1) and sub-clause (b) of sub-section (2) of Section 2 of the Epidemic Diseases Act, 1897:—

I.—The District Magistrates of Jullundur and Hoshiarpur, each within the limits of his own charge, may prohibit by general or special order the holding of caste gatherings and other collections of persons for social or other purposes, in any portion of the Nawashahr and Garhshankar Tahsils, respectively: and no person shall act in contravention of any such order.

II.—The powers conferred upon the District Magistrates of Jullundur and Hoshiarpur under Clause I of these Regulations shall be exercised by them subject to the control of the Commissioner and Superintendent, Jullundur Division, and of the Local Government.

SIR,

THE spread of bubonic plague in the Garhshankar Tahsil of Hoshiarpur and in the Nawashahr Tahsil of Jullundur has recently been rapid and considerable portions of both these Tahsils must now be regarded as suspected areas. Every effort is made to discover fresh outbreaks with promptitude, but even if the greatest success is attained in this respect, there is always a certain interval which elapses between the discovery of new centres of disease and the adequate segregation of the inhabitants and the exclusion of strangers. Under these circumstances much mischief may be done by visits to these areas from persons contemplating early return to healthy portions of the province, and it is therefore desirable that Government servants, sepoys, students and others should, as far as possible, be prevented from taking leave to visit any portion of the two suspected tahsils.
