BELLARY COLLECTOR'S OFFICE.

Dated 3.4.1898.

No.

FROM

P. A. Thiruvengadam
Collector of
BELLARY.

To

THE

Secretary & Government
Local & Municipal Deps.
Maidal

SIR,

In acknowledging the receipt-
of G.O. 284 P dated 28.3.98 I have the
honour to submit the following remarks:-
Road. No provision for the construction of
a road was made in the estimate.

Quarters for Staff. In para 4 of my
letter read in the G.O. I mentioned that
the quarters of the Railway inspecting Staff
were in course of construction when I left
Maidal on 13.3.98. and as no orders
directing that any reduction
further than that proposed in para 2
of

This was mentioned in
L. & S. Officer's report -
para 2 -

of the letter should be made in the dimensions
of the quarters for the apothecary and
Police Inspector were received, work on
the 2 sheds had proceeded rapidly between
the date of the despatch of the letter and the
date of the receipt of the G.O. and was
practically completed by the latter date.
The sheds as they now stand measure ^{14' x 12' with a 6' veranda added}
16' x 16' with an 8' veranda, or 32' x 32' including
the veranda, and I trust that under
the circumstances Government will be
pleased to excuse the deviation from
its instructions. The question remains
as to what sized shed should be constructed
for the Assistant Surgeon who is to live
in the hospital camp, whether a shed
measuring 14' x 12' with a 6' veranda
or one measuring 16' x 16' with an
8' veranda. The District Board
Engineer tells me that the
difference in cost will be but Rs 60/-
and

and in order to make the Assistant
Surgeon comfortable and to avoid
room for complaint on his part that
his neighbours in the observation camp
have been better treated than
himself. I beg to propose that the
larger shed may be sanctioned.
Definite orders on this point are
requested, as the construction
of the shed has been deferred.
Still the matter is settled.

Space. The instructions
have been communicated
to the District Board Engineer
and Sabildar for compliance
wherever possible, but they
here, I regret to say, received
too late to be ^{carried out} ~~carried out~~ in
respect of the observation camp.

Para 2 of the G.O. I have
been giving my personal
attention

attention & the construction
of the sheds and maintaining
on the persons superintending
the work the necessity for
the practice of every
possible economy.
I may mention that I
spent 10 days last month
in the neighbourhood of
the site of the Camp.

The work has for a month past
been under the supervision of the
District Board Engineer and the
Tahsildar of Adoni, an experienced
Sub-ordinate. The latter, judging
from his diaries, has been absent
from the place for not more than
2 or 3 days during the above period.
The Deputy Collector in Charge
of the Adoni division too has
been taking proper interest in
the work.

Para 3 of the G.O.: The Inspector
General of Police has been
addressed.

2. In Conclusion, I beg to
point out that Government
has not issued the instructions
elicited in para 4 of my previous
letter regarding the method of
disinfection to be adopted at
the observation Camp. Pending

Order
will
come
later

Leaving orders, no steps will
of course be taken toward
either the purchase of a boiler
or the construction of quarters
for the mechanics required
to look after the boiler &c.

I have the honour to be,
Sir,

Your most obedt. servant
