ENCLOSURES.

KURNOOL COLLECTOR'S OFFICE,
KURNOOL,

Dated 3rd April 1898.

FROM

Mahomed Razakhan Esqre.
a/ COLLECTOR OF KURNOOL,

TO

THE SECRETARY TO Government,
Local and Municipal Deptmt.
Madras.

SIR,

Adverting to para 3 of Government Order No. 184 P dated 11.3.98, I have the honour to state that 3 Supervisors are in my opinion ample for the present for the 14 observation Circles of this district; if this number is found, after experience, to be insufficient, I shall immediately bring to the notice of Government the necessity for an additional Officer.

A revised map (Scale 1 inch = 4 miles) showing the observation Circles &ca. was sent to you by registered post with my Demi-Official letter × of the 26th ultimo.

Received

× re. Accommodation for Supervising Officers

2. With reference to the Concluding para

of the Government Order under reply the Tahsildar of Ramallakota was directed to try the experiment of killing rats in two villages on the lines indicated by Dr. King and report the result.

He gave wide publicity to the fact in the two villages of Tandrapad and Panchalingala selected for the purpose and explained to the inhabitants the advantages to be derived from properly carrying out the measure and the various means by which the experiment could be conducted; but the destruction of rats entails some trouble whether they are of the smaller species which are generally to be found in the roofs of houses or of the bigger class which live under ground, and the people do not appear to have been attracted by the reward (2 pies per rat)

offered

offered or properly understood the importance of diminishing the rat population. Further endeavours are being made and the Tahsildar promises to submit a report in 10 days on the results achieved.

The Deputy Tahsildar Kurnool Town who is in charge of the erection of the plague sheds at Tandrapad has been directed to instruct the inhabitants of this village and those of the adjoining village of Panchalingala in the matter. —

I have also issued personal instructions to the village officers of Tandrapad about the experiment and arranged to procure rat traps and cages from Madras to be supplied to the Tahsildars of Ramallakota and Nandikotkur for distribution among the village officers of the

bordering

bordering villages of their respective taluks.

3. I may mention that during my recent tour in the Nandikotkur taluk, I had 4 rats caught and killed at Allur and 3 at Vaddamanu. I shall use further efforts and report fully on the subject about the beginning of the next month.

I have the honour to be,
Sir,
Your most obed Servt,

M. O. Raz Khan

Plague / Re No. 628/genl 728

District Collector's Office,
dated 4 - 4 - 1898.

From Mahamed Razakan Esq.,
acting Collector of the Kurnool
District,

To
The Secretary to Government,
Local & Municipal Department,
Madras.

Sir,

In continuation of my letter Dis: No 1302/genl dated yesterday and my telegram of today, I have the honour to suggest that the Government may be pleased to sanction a reward of 3 pies for each rat killed instead of 2 pies proposed by the Sanitary Commissioner, and which, I find, does not operate as a sufficient inducement for the prompt destruction of rats by Villagers on a large scale. Considering the importance of the advantages to be derived from an appreciable diminution of the rat population which, in the opinion of the medical authorities, form important factors in the origin and spread of the plague the

C.No 505P

C.No 497P

the expenditure which the above proposal involves is but trivial and I request that the Government may be pleased to accord its sanction.

2. The Tahsildar of Nandikotkur reports in an arzi just received from him that the number of rats killed recently at Allur and Vaddemann was 2 and 4 respectively and I request that the figures given in my No 1302 / 3.4.98 Viz: 4 and 3 may be corrected accordingly.

I have the honor to be
Sir
Your most obedient Servant
