No. 353, 22ND OCTOBER 1898.

PROCEEDINGS OF THE PLAGUE COMMISSIONER.

PROCEEDINGS—No. 353, dated 22nd October 1898.

The Plague Commissioner has found there is some dissatisfaction at the arrangement under which the District Medical and Sanitary Officer is required to supervise the working of the passport system. It involves a great deal of clerical work which hinders the executive work of the District Medical and Sanitary Officer and which can often be done better and more expeditiously by the Tahsildar or the Collector. Under the present system, if the District Medical and Sanitary Officer finds that any person has evaded the rules, he has merely to report the fact to the Collector, who cannot take any action without a reference to the Tahsildar. Whereas if the Tahsildar or the Collector be made the checking authority, the intervention of the District Medical and Sanitary Officer will not be required and he will be saved unnecessary trouble. The Plague Commissioner, therefore, authorises all Collectors who find the present system working unsatisfactorily to work as if in Regulation 17 (viii), (ix) and (x) the word "Collector" was read for the words "District Medical and Sanitary Officer."

NOTE FOR THE Secy to Govt
The Plague Commr has found
some
disatisfaction at the manner
under which the S.M. & S.O.
is required to supervise the
working of the passport
system. It involves a great
deal of clerical work which
hinders the executive work of
the S.M. & S.O. and which can
be done better & more expeditiously
by the Tahsils or the Collectors.
Under the present system,
if the S.M. & S.O. finds that any
person has evaded the rules, he
has merely to report the fact to
the C.M.S., who cannot take any
action without a reference to the
Tahsil. Whereas if the Tahsil or
the C.M.S. be made the checking
authority, the intervention of the
S.M. & S.O. will not be required
and he will be saved a lot of
unnecessary trouble.
Suggest the passport rules
be amended as shown in the enclosed
