ORDER. No. 361 P. mis. dy 19.4.98

The Government does not think it necessary to put any part of the Kistna Dt under Observation at present. The Colls of that district will, however, be instructed to prepare a scheme for observation circles along the frontier similar to those sanctioned for the Bellary and Kurnool Dts so that immediate action may be taken in case the plague should extend towards that part of H.H. the Nizam's dominions.

So far as the reports received in the Govt office go, plague is still to the north of Sulburga Railway Station and to the west of the line from Sulburga to ~~Kaliani~~ Hominabad near Kaliani.

Low 24/3/98 The latest telegram from the Viceroy to the Secy of State dy 21-3-98 shows 28 deaths from plague in Naldrug Dt & no case in the Gulburga Dt. The only other district in the Nizam's territory where there is plague is Aurangabad but that is far away from the Kistna Dt. There does not seem to be urgent necessity at present under observation for putting the roads in Kistna leading to Hyderabad, but the Collr's opinion may be obtained

SUBJECT.

Suggesting in the circumstances stated that it is advisable that the Collector of Kistna should be required to put the area between the frontier & Masulipatam under observation.

I dont think it necessary to take any active steps at present. But I think we might tell the K.a Coll.r to prepare schemes for observation &c along his frontier so that we may be ready to take action if there

Enclosure.

SIR,

I have the honor to suggest for your consideration that between Masulipatam and the Hyderabad territory there has been for several years considerable traffic. Under these circumstances, it seems to me advisable that the Collector of the district should be required to put the area between the frontier and Masulipatam under "observation", within the meaning of the Additional Regulations dated 26th February 1898.

I have the honor to be,
Sir,
Your most obedient servant,

W. G. King
