SIR,

Enclosures.

I have the honour to state that in Dharmavaram and Anantapur tents were put up for the few plague cases that occurred there and I also sent tents to all Taluk Head Quarter Stations for the use of plague patients instead of constructing sheds which are expensive. The district Medical & Sanitary Officer ^{Anantapur} says that the tents are old and do not afford much protection to the patients. He thinks that they may be used for urgent purposes only and that in long standing camps sheds should be put up for the convenience of the patients & their contacts & of the medical staff that work in the camps. I request your instructions in the matter.

I have the honour to be,

Yours obedient Servant
