Chairman, Municipal Council,

VANIYAMBADI.

To

THE ~~GOVT~~ SECRETARY TO GOVERNMENT
LOCAL AND MUNICIPAL DEPARTMENT,
MADRAS.

THROUGH THE COLLECTOR OF

Through (1) Collector of Salem

Sir,

(2) Sanitary Commissioner for
Madras

I have the honor to submit herewith
for the sanction of Government a proposition
statement for the entertainment of special
staff for plague duty and to explain below
the necessity for the same.

2. The Collector of Salem having given
a warning to the Council under rule no 5
of the Rules framed for Combating
Bubonic plague, that plague has reached
Bangalore and that necessary observation
staff should be appointed as soon as
possible, the Council at the meeting held
on

on the 25th August 1898 resolved to appoint the observation staff mentioned in the proposition statement.

3. As this town has visitors frequently from plague infected tracts and as the number of such men is day by day increasing, it is found desirable to also appoint a special officer to attend all the trains at the railway station to issue passports to persons arriving from infected areas. For this purpose, the Council at the meeting held on the 2nd instant, resolved to appoint a special officer on Rs 15 per mensem as the present Sanitary staff is found unequal to the task of properly carrying out the system of observation also in addition to the other work.

4. Copies of the resolutions of the Council on the subject accompany.

I have the honor to be
Sir
Your most obedient servant

SALEM COLLECTOR'S OFFICE,

18. October 1898.

Camp Vaniamhady

FROM Robert B. Clegg Esq.,

Collector and District Magistrate,

Salem,

To

THE SECRETARY TO GOVERNMENT,

Local & Municipal DEPARTMENT,

Madras.

Thus the Plague Commission, Dist St. George

SIR,

Madras

In Submitting herewith a proposition
Statement from the chairman Municipal
Council Vaniamhady, I have the honor to state
as follows.

2. The establishments proposed are:—

(1) a Special officer on Rs 15 to attend the
Railway Station and issue passports to persons
arriving from infected areas.

(2) An Observation Staff consisting of
one Divisional Inspector on Rs 35 + 15
Two Circle Inspectors on Rs 7 each
one toty on Rs 6.

The Agent and Manager, Madras Railway
Company stated that the Station being an
important one the duty of issuing passports
could

Could not be undertaken by the Station Master

nor was it possible to assign the work to the Local Hospital Assistant in addition to his other duties. I enclose a list showing the number of trains and the times at which they arrive and it will be seen that eleven trains have to be attended daily, three being in the midnight. A special officer is therefore necessary and I recommend that his appointment may be sanctioned.

3. As regards the observation staff, I have to state that in the ordinary staff there is one Certificated Sanitary Inspector on Rs 25+10 and a Sub-Inspector on Rs 15 per mensem. Varanash is a scattered town with a number of suburbs and the two Sanitary Inspectors cannot do more than their ordinary work of supervising the Conservancy establishments and the sanitation of the town. The District being placed under observation I called upon the Chairman with reference to additional Municipal Regulation 14 to consider the advisability of entertaining an observation staff as laid down in G.O. No 522 dated 13 March

Page 2

13 March 1897 and the District Medical and Sanitary officers considered the Council's proposals sufficient for the present. The Chairman has since reported that the services of the Divisional Surgeon on Rs 35+15 may be dispensed with. Considering that a suspicious case of plague has already occurred I am unable to accept his suggestion and recommend that the Council's proposals may be sanctioned.

I have the honor to be

Sir

Yours most obedient servant

Romesh Chandra
