C. No. 425-P

PUBLIC WORKS DEPARTMENT,
RAILWAY BRANCH.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following

Endorsement from the Collector of Adoni Division, Ref: No.911of98 dated 27th March 1898.

Letter from the Deputy Collector of Adoni Division to the Collector of Bellary, Dis: No.391, dated 20th March 1898.

I have the honour to state that after the Tungabhadra Railway station is declared to be a Plague Inspection station, the several trains which arrive from either side in the hottest part of the day will stop at the station for about half an hour for the examination of passengers. I submit that since the station platform has no roof the passengers who undergo examination and the inspection staff, shall have to expose themselves to the sun and rain. I have therefore the honour to suggest the desirability of addressing the Railway authorities to provide a roof for the station platform at their early convenience.

Submitted to Government (Local and Municipal Department) with recommendation that the railway authorities may be addressed, as suggested by the Deputy Collector.

Endorsement from the Local and Municipal Department, No.414, dated 5th April 1898.

Transferred to the Public Works Department (Railway Branch) for disposal. The Plague inspection station at Guntakal will shortly be moved to Tungabhadra.

Office Note from the Local and Municipal Department No.1 P, dated 15th April 1898.

I do not think there is any necessity to roof the platform present. The Collector of Bellary may be informed accordingly.

Order thereon:- No.584 Ry:., dated 18th April 1898.

Communicated to the Collector of Bellary
with reference to his Reference on C No.911, dated 27th
March 1898.
