Order:—

Dept. Govt. Press

The Supt. Government Press, is requested to print 20,000 copies of the accompanying form, and to supply them to the Colls of Salem in books of convenient size as soon as possible. A proof should be submitted for approval before issue.

2. The Supt of Stationery is requested to kindly arrange for the very early supply to the Colls of the required quantity of carbon paper for use with the above mentioned books of forms. A specimen copy of the form is enclosed, & it will be convenient if the carbon paper is cut to suit the size of the form before it is despatched to the Colls

SUBJECT.

Requesting that the Carbon paper and Letter Copying Ink may be supplied at an early date.

Carbon paper is supplied by the Supt of Stationery, but he keeps a very limited stock and unless he gets a long notice, he may fail to supply the paper at times. If carbon paper is thought necessary, it may be considered equally necessary at the other inspection stations, and it may be worth while ascertaining the experience at these stations & noting also their monthly requirements, in case they require carbon paper also.

Salem Collector's office
Dated 22nd October 1898

MP 4/55
O.C

From

Robert B. Clegg Esquire
Acting Collector
Salem.

To

The Plague Commissioner.
Madras.

Sir,

Now that the arrival of every passenger at Jalarpet on the Bangalore branch line has to be intimated in Form 17 viii to the Medical officer, the work has enormously increased. At the suggestion of Dr. Beit I would recommend that carbon paper and an intimation form of the enclosed nature be used. By this means it would be unnecessary to fair copy and post 1000 names daily. The pencil copy might

be kept as an office copy and the carbon one sent on. A larger number of forms would be necessary as only one passenger or a party could be intimated on one form.

Dr. Beit assures me that it is necessary to keep an office copy as references are constantly being made regarding the intimations ~~forms~~ from various districts.

If you approve of this course, I would request that the carbon paper and books containing some 20,000 forms be supplied at once.

I have the honor to be
Sir
Your most obedient Servant

Acting Collector.
