Roys No 439 dy 26.10.98

Re booking at Triconam. Can only be prevented by the Sharp Look out of the authorities at the stations. They have every where been requested to keep a sharp look out on this point, but cases must occasionally slip through. The cases of persons falsely personating others & of persons giving wrong addresses cases only be checked, if the President comes arrange to have passengers accompanied to their homes by Municipal Servants. This is probably not possible in all cases but if a few cases were taken every one or two days & persons who were so discovered having wrong addresses prosecuted there might be an improvement.
