W-Collector.

Much more attention than on the occasion of the last year's festival was taken as to night solicitation. The important matter of water ^{and} supply, however, the Report is exceedingly vague ^{and} ~~and~~ account of the production of the copiousness of water supply was of less production. It is not stated whether a medical & sanitary supply is present, although one should certainly have been present, although the Report obviously knew better, by the committee.
