Plague Copy of Letter No 758 / 21. 10. 98 from the Medical Officer in charge of Railway Inspection Station Jungabhadra to the Collector of Bellary

Referring to your endorsement Ref on c No. 1220 P of 17. 10. 98 forwarded to me for remarks I have the honour to inform you that the want of dhooly bearers has not yet been urgently felt as generally railway coolies are requisitioned for the purpose. But I am of opinion that dhooly bearers should form a part of the staff to be utilized whenever necessary and when not wanted for their legitimate work, could be used for other purposes in the camp for which extra coolies have to be employed

2 If you think that they should be entertained when occasion only arises the entertainment can be put off until such time as their services are urgently required.

Forwarded to the Plague Commissioner with the remark that this letter ¹⁸⁷ 12. 10. 98 precludes the entertainment of special bearers under the circumstances reported

by the medical officer and that further
action is at present unnecessary.
