Plague Commissioner.

Sir,

Madras.

In reply to your letter of the *20th* instant, I have the honor to state, that I have no personal knowledge of chemical leaf which would leave an indelible copy, but, in the letter to the Consulting Engineer for Railways, it was suggested that some of the Government Officers who are experts would probably have no difficulty in suggesting something which would bring about the desired result. I would suggest a reference to the chemical Examiner to the Madras Government.

I have the honor to be,
Sir,
Your obedient Servant,
Wm. A.
Traffic Manager.
