SIR,

Submitted

With reference to Government
Order No 1747 M. Mis. dated 9th August
1897, I have the honour to report
that subsequent to my last report
on the subject 37 Cess-pools were closed
by people who could not afford to
build pukka Cess-pools and to pay
for the service, that half a dozen
individuals have closed their Cess-
pools and have with the permission
of the Council, constructed drains
and let the refuse, etc. be taken away
from

have obtained permission to construct such drains which will soon be constructed. The cess-pools of more than half the houses in street no: 11 Fort have also been closed and the refuse water from those houses is let into the drain which has been newly constructed in the said street by the Municipality during the year.

2. I have the honour to report further that the inhabitants of street no: 2 and some of those in street no: 3 Peta, having presented a Mahazar to the Municipal Council undertaking to contribute one half of the cost of constructing a drain in the said streets, the matter is under the consideration of the Council. A sum of Rs 708 is estimated as the cost of constructing the drain. The matter will soon be decided by the Council and the necessary action taken in the matter.

stringent measures for compelling the owners of cess-pools, most of whom are poor people without the necessary means of livelihood, to construct pukka cess-pools and to pay for the service. After considering the several petitions presented by the owners of cess-pools to whom notices were issued by the Council to close the cess-pools the Council on the 27th November 1897 resolved to issue fresh notices to 28 individuals, who were in a position to pay for the service. Such notices have been issued and the necessary steps will be taken in these cases.

4. In conclusion, I have the honour to submit that the delay in the submission of the report is due to my unavoidable absence from the town during the

for nearly three weeks in January.
