Enclosure.

SIR,

With reference to G.O. No 2814. In, this dated 16th December 1897, I have the honor to state that except as to the grave yards shown in plans Nos 6, 8, 9, and 10, there would seem to be no ground for objection to their being recognized. In the case of those shown in 8, 9 and 10 the proximity to dwellings is undesirable; in the case of No 6 if the salt pans are in actual use, it would not be desirable that grave yards should be so closely allied.

I have the honor to be,
Your most ^{truly} obedient servant,

W. G. King
Sanitary Commissioner for Madras

SUBJECT. Closure of burial grounds in Coanada.

FOR ORDERS.

B.

Please see the notes and in Q.O. No. 2814. m. dated 16th December 1897.

2. In his letter read above the Sanitary Commissioner to whom the papers were referred for remarks states that there would seem to be no objection to all the grave yard in question except those shown in plans Nos. 6, 8, 9 and 10 being recognised. He thinks that grave yard No. 6 is objectionable owing to its proximity to salt pans if the pans are actually in use, and Nos. 8, 9, & 10 owing to their proximity to dwellings. In these circumstances the accompanying draft order is submitted for approval.
